## SPORTSWEAR

### About us:

- TREND is a fashion or change or development in a general direction. Our goal is to spread positive vibes. and their meaning.
- Trend Sportswear is a combination of customer needs in sportswear and streetwear.
- It is clothing made from sustainably sourced materials.
- The distinction between activewear and daywear is dissolving, clearing the way for new fashion trends in streetwear.
- Modern, affluent consumers want more high-quality fashion that is both comfortable and stylish.
- The collection consists of 8 primary pieces of the brand.
- Each color is a collection, and, in each collection, there is a positive word and its meaning.
