1. All supplemental feeding can only be done with a spin type feeder that preset times and amounts can be set. (Absolutely no pouring on ground or gravity feeders of any type.)
2. Only 1 feeder per membership.
3. No feeders can be within 500 yards of another feeder or in sight of another feeder. Feeders cannot be within 100 yards of property line or in sight of public road and 50 yards from any stationary stand (Box, ladder stand, or ground blind.) The board must be always informed of the location of the feeder to ensure the minimal distance of feeders is maintained.
4. Anyone wishing to put a feeder out must pay a \$50 yearly fee. This allows the camp to continue feeding after deer season into the summer when natural browse returns. Permits can be paid for starting June 1. This will also help with any camera surveys moving forward.
5. Feeder locations will be a lottery draw system; permits will be accepted the first week of June then everyone will draw a number and that number will be the order of location picks. Everyone after the first week will be as they pay their permit fees. Feeders DO NOT reserve location, and NO DRAMA OR DISCORD shall come if another member hunts or harvests a deer over another member's feeder or placing a camera over another members feeder. This will be determined by the board.
6. No feeders can be moved between September 15 and February 1.
7. It is the responsibility of the feeder's owner to purchase and fill the feeder.
8. All feeders need to have a capacity of a minimum of 100 lbs.
9. Feeders need to be filled to capacity each time they are filled to reduce the number of trips to feeder.
10. Feeding times are only allowed from 0700 am until 1159 am and can only throw between 2-5 seconds. (This encourages daytime movement)
11. All feeders must be labeled with member's name.
12. Any member can place a camera over any feeder.
13. Feeders are optional and members do not have to participate.
14. Membership dues MUST be paid in full prior to purchasing a feeder permit.
15. All feeder locations will be public knowledge and posted on map in skinning shed.

Penalties for not adhering to these rules will result in fees and loss of privileges to feed.

1st offense, \$100 fine.

2nd offense \$250 fine and loss of privileges to feed for 365 days.

3rd offense \$250 fine, loss of privileges to feed for 365 days, and suspension for 14 days.

4th offense dismissal from OPGM.

There is no reset time for offenses. IE it does not reset after each season or 2 years.

16. Supplemental feeding is a privilege and if the board determines there is any violation and drama, the board can vote to suspend all feeding. The first year will be a trial run period, if the board finds that it has caused too many issues among the membership, then feeding will not be continued. The board does encourage members that wish to participate in supplemental feeding to feed beneficial feed such as protein pellet or a mixture of protein and corn but is not required
