- Affiliate Members**

Vermont Society of Engineers

## OUR HISTORY

The Vermont Society of Engineers has its birth at the Hotel Vermont in Burlington on March 7, 1912 when 41 men subscribed their names to the constitution, elected officers and effected a permanent organization. Today VSE has over three hundred members throughout Vermont and neighboring states encompassing all engineering disciplines. Since VSE's inception in 1912, the Society has built an impressive list of accomplishments, including:

- Sponsoring the 1939 law relating to the licensing of professional engineers in Vermont
- Initiating a scholarship program for engineering students attending Vermont colleges in 1958
- Establishing the VSE Education and Research Foundation in 1982, a charitable, nonprofit, organization for administering the VSE scholarship program

***VSE is a membership organization open to any individual with an interest in strengthening and enhancing the practice of engineering in Vermont—join us today!***
