

Please read these emails! They include important information to help you know what is expected and how the systems work which we have set up for student success.

May 1, 2020

Dear CCS Parents and Students,

Can I start by just saying how proud I am of our school family? As many of our nation's school are experiencing extremely low attendance rates during this quarantine, especially in lower income areas, CCS had very close to a 99% attendance rate today! We truly appreciate how all of you - parents and students alike - are making an effort to make the best of a difficult situation. Thank you for your participation and involvement!

As I mentioned in my last letter (all emails/letters are available on the CCS website at calumetchristian.org for reference), we will be taking next Thursday and Friday off in honor of Teacher Appreciation Week. Let me publicly say how much I appreciate the work and effort our teachers have put in this entire year, not to mention the extra work this quarter. **IMPORTANT:** All work due this week must be submitted by Wednesday night at 11:59 pm. We are moving up the deadline this week so our teachers will be able to enjoy the 2 days off and not have to chase missing assignments.

Please continue to check the Sycamore app or website to stay up-to-date on your children's assignments, grades, and missing work. Let's all keep pushing hard to finish these last 20 school days of the 2019-20 school year together.

God bless you all,

Pastor Obinger
CCS Administrator
