WORDS TO KNOW

PRE-APPROVAL

A pre-approval is the first step to obtaining a mortgage to purchase your home. The banker will perform an analysis on your income, debt, and credit-worthiness. You will need one in order to be ready to put an offer on a house.

OFFER

An offer is a preliminary agreement to purchase a home, and is set between a buyer and a seller.

CONTINGENCY

A contingency related to a property is when the preliminary offer is accepted, pending certain conditions set out by the seller.

CLOSING COST

The closing cost is the amount that is paid, in addition to the sale price. This can include: taxes, insurance and lender expenses.

GOOD FAITH MONEY

Good faith money is the balance of funds that are set aside into a trust or an escrow account to show the buyer is serious about the purchase.

TITLE SEARCH

A title search will confirm that the property that is being sold in fact belongs to the seller.

APPRAISAL

An appraisal is the value that is assigned to the real estate asset based on an assessment of the asset, neighborhood, market condition, and more.

HOME INSPECTION

A home inspection is an official review of the real estate asset's current condition. They will help to determine if there is any work needed to be done to the property to bring it to normal working order.

DISCLOSURES

The disclosures related to a property will include everything that the sellers know about the property, including any areas that need repairs.

CLOSING

The closing part of the real estate sale is when the money and keys are exchanged.

home BUYING STEPS

01 FINDING A GREAT *agent*

Finding a real estate agent that you trust and feel comfortable with is as hard as finding the right house to call home. A purchase of this magnitude is a huge life decision, and you want to make sure that your real estate agent is as invested in this sale as you are.

quick note

Any questions that pop up during the home buying process is okay to ask!

Agents have access to a wide variety of resources that is not readily available to the public. They can help you determine the best price and time to sell.

With collective experience and expertise, agents can help you negotiate the best price for your home. Agents also must undergo annual training and compliance to ensure that they are up to date on any changes in legal or administrative paperwork.

Your real estate agent is dedicated to helping you in answering any questions that arise from this process. We treat you, how we would like you to treat us!

02 THE FINANCIALS

DETERMINE YOUR BUDGET

It is recommended that you stay within a budget of 3-5 times your annual income when purchasing a new home. When determine your mortgage, don't forget other factors like: down payment, legal fees, taxes, home inspection costs, appraiser costs, and renovation costs.

HOW MUCH IS THE DOWN PAYMENT?

A down payment ranges on average from 3.5% to 20% of the Purchase Price. Have a discussion with your banker to determine what works best for your scenario.

CREDIT SCORE CHECK

Your banker will likely perform a credit check prior to approving a mortgage loan and that determining your interest rate. The most ideal range will be 620 or above.

note

The better your score, the lower the interest rate will be toward the total mortgage cost.

PRE-APPROVAL

Obtaining a pre-approval on your mortgage will help you in many ways. First, it will help you determine your budget, and help you stay within your means. Second, it shows the seller that you are serious about purchasing a home, and that you have the funds necessary to complete the purchase.

Although, if you are pre-approved for a loan, it does not mean that you will be guaranteed this amount in your final mortgage cost. You will still have to be approved for a mortgage after you have submitted an offer. It is important not to make any significant purchases or alter your credit score in any way during this time.

what TO AVOID DURING THE LOAN PROCESS

DON'T CHANGE JOBS

A job change may result in your loan being denied, particularly if you are taking a lower paying position or moving into a different field. Don't think you're safe because you've received approval earlier in the process, as the lender may call your employer to re-verify your employment just prior to funding the loan.

AVOID CHANGING BANKS

or moving your money to another institution after the lender has verified your funds at one or more institutions, the money should remain there until your escrow closes.

DON'T MAKE ANY LARGE PURCHASES

A major purchase that requires a withdrawal from your verified funds or increases your debt can result in your failing to qualify for the loan. A lender may check your credit or re-verify funds at the last minute, so avoid purchases that could impact your loan approval.

DON'T PAY OFF EXISTING ACCOUNTS UNLESS THE LENDER REQUESTS IT

If your Loan Officer advises you to pay off certain bills in order to qualify for the loan, follow that advice. Otherwise, leave your accounts as they are until your escrow closes.

03 FINDING YOUR *home*

WHEN YOU BEGIN HOME TOURS:

- Take photos as you go on home tours so you remember the layout and the feel of each house you visit.
- Pay attention to features of the property that are fixed such as the neighborhood, the lot size, and the orientation of the home. Don't pay too much attention to the colors of the walls or the furniture.
- Be sure to check out the small details like the light switches, water features, and appliances to make sure everything works.

quick note!

Be sure to make a list of your must haves, wants, and don't cares. As you go through the viewings, make sure you check off all your must haves.

04 MAKING & NEGOTIATING AN OFFER

Once you find the house you love, be prepared to make an offer.

Your agent will discuss earnest money, inspections, and other contract details. Make your offer competitive by considering the seller's preferences.

Quick closing, flexibility with move-in dates, or offering to cover some closing costs can make your offer stand out. Remember, the key to successful negotiation is preparation, clear communication, and flexibility.

05 GOING OVER THE *inspection*

Make sure that you allow for an inspection to be completed prior to the closing of the sale. It is important to know as much about your home as possible.

If anything serious comes out of the inspection, you have an option to back out of the agreement, or gives you more negotiating power.

Feel free to ask your inspector to take pictures and be descriptive in their report. You can also ask for a meeting with the inspector to better understand their findings.

06 APPRAISAL & LOAN APPROVAL

An appraisal is an unbiased estimate of the fair market value of the home. Your lender will request an appraisal to secure your home loan. Estimated cost \$500

Other checks you should run prior to finalizing the purchase of your new home:

1. Appraisal 2. Property title search

Your banker will also want a formal appraisal of the home prior to issuing your loan.

Also, be sure to purchase home insurance for your new property!

The lender will review any and all financial information forms prior to granting the loan.

They will review details like:

- Your income
- Credit score
- Employment status

note

Earnest Money is money paid to the title company to confirm contract and open escrow.

07 SCHEDULE YOUR MOVE

It's important to keep in mind and on track the timing of when you purchase your home and some things you will want to keep in mind closer to your move date: **Movers | Renovators/contractors | Utilities Cleaners & Move out details**

CLOSING ON THE *home*

Closing is the final step for you to become the legal owner of your home. You will take a final walk-through just before closing to assure that negotiated work has been completed and everything is in working order.

The closing process itself requires a lot of paperwork and patience. **Be prepared with your government issued photo ID, cashier's check and any other documents required by the title company or loan officer.**

REMAINING COSTS

Closing costs can make up about 3 – 6% of the loan amount.

The seller could pay for part or all of your closing costs. Just be aware that your negotiating power can depend heavily on the type of market you find yourself in.

note

Don't forget to re-key all the locks and change the garage door opener code when the property is officially yours.

congratulations ON YOUR NEW HOME!
