

Pioneers of the Kilcoy District, Volume 2
1900 - 1920 (2005)

Cost - \$25.00 each plus postage

Volume Two of "Pioneers of the Kilcoy District" is a collection of facts and memoirs of pioneers who began their working lives in our district between the years 1900 and 1920. It is also a representation of the social history of the era. It tells of the lives of the settler, the early businessperson and the returned soldier, of those who came with the establishment of the railway, the shire council and the hospital. It tells of the timber mills, the new businesses that sprang up, the opening up of the new lands for settlement and selection and of those on the land and in the timber trade who followed in the very footsteps of their forefathers.
