Provisional Agenda

14.:15 - 15:00	Registration & Networking
15:00 – 15.10	Introduction and Keynote Speech
15:10 - 15:50	Panel 1: Sustainability in Aviation
<u>Discussion</u> <u>Topics</u>	 Strategies and plans to lower emissions in aviation Financing sustainable aviation initiatives New aircraft types and their impact on sustainability Sustainable Aviation Fuels: Adoption and Scalability Propulsion and engine technologies of the future Carbon offsetting and environmental mitigation efforts
15:50 - 16:25	Panel 2: The Future of Aviation Technology
<u>Discussion</u> <u>Topics</u>	 The Role of Artificial Intelligence and Big Data in Aviation Connectivity and digitalisation in the aerospace industry Improving Passenger Experience through Technology The role of data analytics and predictive maintenance Emerging technologies shaping the future of aviation
16:25 - 16:55	Coffee Break

16:55- 17:35	Panel 3: Charting the Future of Commercial Aviation (Outlook 2030)
<u>Discussion</u> <u>Topics</u>	 Travel Reimagined: The Future Role of Airlines and Airports Air Cargo Evolution: Riding the Wave of Innovation Smart Maintenance: Harnessing Tech for Aircraft Upkeep Connectivity in Commercial Aviation Aircrafts of the future: Design, efficiency, and sustainability Aviation Finance: Emerging Funding Models and Their Impact on Global Aviation Dynamics

17:35 - 18:15	Panel 4: Business Aviation (Outlook 2030)
<u>Discussion</u> <u>Topics</u>	 The Future of Business Aviation Aircrafts Evolving role of FBOs in the Middle East Technological Advances in Business Aircraft Connectivity Opportunities and challenges for owners and operators Urban Air Mobility: The New Frontier Synergies in the Sky: Collaborations in Business Aviation and Urban Air Mobility
18:15	Event Close
