A MESSAGE FROM OUR FOUNDERS

2024 was a huge year for our nonprofit, and we are deeply grateful for the continued support that has made our remarkable journey possible in its second year. During this time, we saw a significant increase in requests for gear, garb, and guidance, a testament to the growing impact of our mission. Looking ahead to 2025, we are excited to prepare for another impactful year of getting more women out on the water. With the steadfast support of our community, we are committed to building on this momentum and executing our mission with even greater dedication.

VOICES OF IMPACT “

Fly fishing reminds me of the importance of taking time for self-care, and finding moments of peace amidst all the adulting we have to do each day. Through fly fishing I've discovered that even in the darkest times there's room for healing, hope, and finding your community.

“ Thanks to RTTF I know there are people around who are more than willing to bring you into their arms, without knowing your past and want to help and they're in the position to help break down those barriers! ”
