## PRAISE FROM OUR PARTNER

“The team is incredibly professional, organized, and communicative. They are warm and inclusive, making everyone in the room feel like they belong. They are also adaptable and have been able to connect with a wide range of individuals with varying levels of comfortability with the material.

In every Improv for Interviews session, there is a visible difference in the room by the end of the day – participants stand a bit taller and are more engaged with each other.

I can’t speak highly enough of them – every single one of their team members has been a delight to work with. Although Improv for Interviews is geared towards, well, interview skills, participants also leave with valuable communication skills and increased self-esteem, and having had a really fun afternoon.”
