PASTOR'S MESSAGE

WHY DO ARMENIANS CELEBRATE CHRISTMAS ON JANUARY 6?

“Armenian Christmas,” as it is popularly called, is a culmination of celebrations of events related to Christ’s Incarnation. Theophany or Epiphany (or *Astvadz-a-haytnootyoon* in Armenian) means “revelation of God,” which is the central theme of the Christmas Season in the Armenian Church. During the “Armenian Christmas” season, the major events that are celebrated are the Nativity of Christ in Bethlehem and His Baptism in the River Jordan. The day of this major feast in the Armenian Church is January 6th. A ceremony called “Blessing of Water” is conducted in the Armenian Church to commemorate Christ’s Baptism.

It is frequently asked as to why Armenians do not celebrate Christmas on December 25th with the rest of the world. Obviously, the exact date of Christ’s birth has not been historically established—it is neither recorded in the Gospels. However, historically, all Christian churches celebrated Christ’s birth on January 6th until the fourth century.

According to Roman Catholic sources, the date was changed from January 6th to December 25th in order to override a pagan feast dedicated to the birth of the Sun, which was celebrated on December 25th. At the time Christians used to continue their observance of these pagan festivities. In order to undermine and subdue this pagan practice, the church hierarchy designated December 25th as the official date of Christmas and January 6th as the feast of Epiphany. However, Armenia was not affected by this change for the simple fact that there were no such

pagan practices in Armenia, on that date, and the fact that the Armenian Church was not a satellite of the Roman Church. Thus, remaining faithful to the traditions of their forefathers, Armenians have continued to celebrate Christmas on January 6th until today.

In the Holy Land: January 19th:

In the Holy Land, the Orthodox churches use the old, Julian calendar—which has a difference of 13 days with the Gregorian (or “Western”) calendar in use today—to determine the date of the religious feasts. Accordingly, the Armenians celebrate Christmas on January 19th and the Greek Orthodox celebrate on January 6th. On the day before Armenian Christmas, January 18th, the Armenian Patriarch together with the clergy and the faithful, travels from Jerusalem to the city of Bethlehem, to the Church of Nativity of Christ, where elaborate and colorful ceremonies take place. Outside, in the large square of the Church of Nativity, the Patriarch and his entourage are greeted by the Mayor of Bethlehem and City officials. A procession led by Armenian scouts and their band, advance the Patriarch into the Church of Nativity, while priests, seminarians and the faithful join in the singing of Armenian Christmas hymns. Afterwards, church services and ceremonies are conducted in the Cathedral of Nativity all night long and until the next day, January 19th.

ORGANIZATIONAL NEWS

BOARD OF TRUSTEES NEWS

We would like to thank everyone in the community for their unconditional support for our Church this year. So many of you have played a critical role in caring for and supporting the vision and mission of St. Gregory. Some of this year's highlights include:

Website - Our church will finally enter the 21st Century with a new website. The website is scheduled to launch soon. Website domain name was secured as saintgregoryarmenianchurch.org. The website will allow us to reach more people, raise online donations, promote the Church calendar, allow volunteer sign ups, send in prayer requests, review past Arev newsletters, pay for membership dues, watch Badarak services and so much more. We will have one central place to go for information and it will allow us to streamline communications and help people stay connected – near and far - with the Church real-time.

Thanks to Ed Garibian, we recently changed all our light bulbs to LED, long lasting energy efficient lighting. The project included the entire replacement of all the old lighting fixtures in the Church Hall. The cost for the project was over \$17K, but the Church received everything at no-cost through a federal grant with an estimated annual energy saving of \$5000-6000.

We held a number of events this year too, including; Father's Day Picnic, Name Day Celebration, April 24th Genocide Campaign and the Fall Food Festival.

We also opened a Thrift shop (with the suggestion and vision of Ginny Remillard) to help grow our presence in the community through service and to raise funds for our Church. We have had an overwhelming show of support.

So many of you have played a vital role this year to move us forward by serving, volunteering, praying, giving, leading, cleaning, singing, baking, hauling items and much more. Thank you to Claudia Muradian-Brubach for her PR expertise, Ardemis Babaeghian Walen and Nora Santourian for all their hard work on the Arev, Vartan Derounian for regularly singing in the choir and helping lead our dessert/food efforts during our events, Haig Arakelian and his sons for providing live music for all our events, Dianne Benson, Ginny Remillard, and Nora Santourian for all their hard work with the Thrift Shop, Ladies Guild members, the entire Setian family, Der Hayr and Yeretsgin. Thank you to all!

Best wishes for a happy and healthy new year.

SOME TIDBITS . . .

A RIDDLE

**What is greater than God,
More evil than the devil,
The Poor have it
The rich need it,
And if you eat it,
You will die?**

Answer: Nothing

—Liz Setian—

WHERE DID MADZOOM COME FROM?

It is interesting to note that the word *mazoon* appears to mean “rain-making clouds” in Arabic, and an Armenian eye would be surprised to note that the name “Mazoon” belongs to a dairy company from Oman and that they sell yogurt with their name on it.

But that is where the connection between Arabic *mazoon* and the Armenian word մզոն (madzoon), our name for yogurt—a word of Turkish origin—ends. The root of *madzoon* is the Classical Armenian verb մզգլիլ (*madzanil*), which means “to glue, to join, to adhere, to condense” and was derived from the Proto-Indo-European root * m(e)hǵ (“to knead, fashion, fit”). This root, incidentally, is the source for a series of well-known English words such as “make,” “macerate,” “amass,” “mass,” “mason,” “magma,” and others.

Authors like Grigor Magistros (eleventh century) and Hovhannes Erznkatsi (thirteenth century) had already given the correct explanation to the meaning of *madzanil*.

Rose & Sarkis Colombosian

Incidentally, if you come across Greek *masoni*, Russian *matzoni* and *matzun*, Turkish dialectal forms *mazun* and *mazin*, and especially Georgian *matsoni*, rest assured that all these have been borrowed from Armenian.

The origins of “madzoon” are disputed: Central Asia, Mesopotamia, Armenia are among the candidates. Armenian immigrants to the United States started selling “madzoon” in the 1910s, and the most famous case was that of the couple Sarkis and Rose Colombosian, who started Colombo and Sons Creamery in Andover, Massachusetts, in 1929. They originally delivered “madzoon” under the Armenian name, but then they changed it to “yogurt” for commercial reasons, since the name was well-known beyond the Armenian realm. The Colombo brand was the creator of the “fruit on the bottom” and existed successfully for eight decades. After the company was sold to General Mills in 1993, the brand was discontinued in 2010.

No doubt that “madzoon” has crossed borders. You may go to *madzoon.net* and find out that “Madzoon” (Armenian for yogurt) is... the finest Greek style yogurt available in the Philippines at the most affordable price. From Armenia with Love!”
