Family Friendly Picnic .
Street Performers

25-26 June

steamfesta.com.au

The world of Steampunk is about invention, history, fantasy, time-travel, imagination, creativity, ingenuity, engineering, machines, and most of all, dressing the part and having fun.

FUN & CREATIVE Workshops

A number of S.T.E.A.M. inspired workshops can be pre-booked at Eventbrite that support the fun learning of Science, Technology, Engineering, Arts, Mathematics. (STEAM)

- Arduino Programming for Beginners
- STEAMfesta 2101 (augmented reality) The first festival on Mars
- Robotics Prototyping
- Cos-Play workshop

Pre-booking required

“Thank you for joining us on a weekend of costumes, gadgets and steampunk imagination.”

A curious Fraser Coast had its First taste of steampunk in 2019 with hundreds plunging into the Jules Verne spirit of envisaging the future as the Victorians imagined it.

Since then, the Fraser Coast has continued to celebrate its industrial heritage, Victoriana streetscapes and inherent fondness for costumes. We hope families can expand their steampunk experience by joining one of the beginners Science, Technology, Engineering, Arts, Mathematics (S.T.E.A.M.) workshops if they wish, or simply enjoy the heritage of Hervey Bay and Maryborough streetscapes at their leisure.

Alternatively, perhaps visiting local tourist attractions and restaurants? Like the Cauldron Brewery, Saturday 25 June for STEAMfesta From 5.00 to 11:00pm. All steamers are welcome for a costumed STEAMfesta Convivial amongst the vats, pipes and gauges of the Cauldron Brewery making for another memorable backdrop for one of those steampunk photos to add to your collection.

1 Old Maryborough Road, Pialba
Meals 5:00pm to 8:00pm
Call The Cauldron on 0408 587 759 (bookings essential)

More info about the Cauldron at Cauldron Brewing - Hervey Bay | Facebook and <https://cauldronbrewing.net.au/>

Welcome!

DAY 1 at the Hervey Bay Historical Village is full of fantastic photo opportunities throughout the venue. STEAMFESTA

At STEAMfesta Inc. our aim is to inspire 'makers' of all ages to dust off their tools, toys, welders, and sewing machines and exercise their brains, and chuckle muscles for a festival event like no other. We welcome creativity, good manners, outrageous story-telling, humorous boasting and eccentric steampunk-themed apparel.

On the first Thursday of each month the STEAMfesta Workshop & Combat Robot Builders team meets at the Neighbourhood Hive in Hervey Bay to encourage imagination and creativity for all ages using S.T.E.A.M. as a theme (Science, Technology, Engineering, Art, and Maths).

Check whats on at the Hervey Bay Neighbourhood Hive in the months ahead. <https://www.hbnc.com.au/the-neighbourhood-hive>
