

UNIVERGE BLUE CONNECT BRIDGE FREQUENTLY ASKED QUESTIONS (FAQS)

UNIVERGE BLUE CONNECT BRIDGE extends your new and existing NEC phone system investment with cloud-based voice via desktop and mobile apps creating a seamless all-in-one communications experience.

Collaborate in the office, at home, or anywhere in between with integrated video conferencing, chat, and file sharing and backup. One fully integrated hybrid solution that bridges the best of both worlds together. For one low monthly payment. Crazy simple!

WHAT IS UNIVERGE BLUE CONNECT BRIDGE?

NEC UNIVERGE BLUE CONNECT BRIDGE enables inbound and outbound calling via desktop and mobile apps, plus includes an integrated suite of collaboration services including team chat, video conferencing, and secure file sync/sharing. CONNECT BRIDGE delivers all of the mission critical collaboration tools a business requires to communicate from wherever needed.

WHY IS UNIVERGE BLUE CONNECT BRIDGE BETTER THAN OTHER SOLUTIONS IN THE MARKET?

CONNECT BRIDGE is a hybrid cloud/on-premises solution designed specifically for NEC. Unlike competitive solutions, CONNECT BRIDGE seamlessly integrates with NEC on-premises solutions – extending the capabilities of your PBX to remote, mobile and hybrid workers without a software or hardware update.

WHAT EXISTING NEC PHONE SYSTEMS DOES UNIVERGE BLUE CONNECT BRIDGE WORK WITH?

- UNIVERGE SV9100
- UNIVERGE SV9300
- UNIVERGE SV9500
- UNIVERGE 3C
- SL2100

WHAT ARE SOME OF THE COLLABORATION FEATURES INCLUDED WITH UNIVERGE BLUE CONNECT BRIDGE?

- **Team Chat:** Communicate with more than voice and email – use individual and group channels to have conversations, share files and more with colleagues in real-time.
- **Video Conferencing:** Meet face-to-face and share your screen for more interactive and productive meetings.
- **Calling*:** Place, receive and manage inbound and outbound calls from a desktop or mobile device to stay connected.
- **Presence:** Real-time working status of colleagues (available, away, offline, etc.) provides more transparency and increases efficiency by letting users know which colleagues are available for a quick call, chat, or meeting.
- **File Sharing:** Easily access, share and collaborate on documents securely from any location.

*An additional integration between the new and/or existing NEC phone system is required to make/receive voice calls between CONNECT BRIDGE and the NEC phone system users or to/from the PSTN. To manage calls with external numbers, your NEC authorized representative will need to configure this additional integration between new and/or existing NEC phone system and CONNECT BRIDGE. **IMPORTANT: This integration comes at no additional cost.**

WHERE DO USERS DOWNLOAD THE CONNECT (BRIDGE) APPS?

Users can download the apps from this page:

UNIVERGE BLUE CONNECT BRIDGE – YOUR BRIDGE TO THE CLOUD!

UNIVERGE BLUE CONNECT BRIDGE FREQUENTLY ASKED QUESTIONS (FAQS)

HOW DOES UNIVERGE BLUE CONNECT BRIDGE HELP MY BUSINESS?

- **Keep your phone numbers** and add the tools your teams need to better communicate and collaborate whether in the office or from wherever
- **Extend the capabilities** and reach of your new or existing phone system to support in-office, remote, and hybrid workforce
- **Bring all the business communications you need** into a single, integrated, easy to use workspace
- **Deploy quickly** with no additional hardware or software
- **Enjoy one monthly, per user fee from the provider you can trust** with your business communications – NEC
- If/when your business is **ready to move** fully to a cloud-based Unified Communications solution, we'll transfer your entire business communications to the cloud with zero down-time and no interruptions to your user experience

WHAT BENEFITS DOES CONNECT BRIDGE HAVE FOR MY END-USERS?

- **Desktop and mobile apps make it easy** to stay connected, communicate and collaborate from the office, home or anywhere in between
- **User-friendly apps are easy to install** – all you need is an internet connection
- **Spend less time switching between apps** and more time getting work done with access to team chat, video conferencing, calling and file sharing in a single app
- **Manage calls from your mobile device** with your existing NEC phone number so your personal number stays private

HOW DOES UNIVERGE BLUE CONNECT BRIDGE WORK?

UNIVERGE BLUE CONNECT BRIDGE extends the capabilities of NEC's new and existing on-premises phone systems to NEC's cloud-based collaboration tools giving users a truly integrated collaboration experience. The solution ensures ALL users will receive:

- A common dial plan and single corporate directory for all users
- Access to video conferencing, team chat and file sharing
- Shared presence statuses
- Inbound and outbound calling*

* An additional integration between the new or existing NEC phone system is required to make/receive voice calls between CONNECT BRIDGE and the NEC phone system users or to/from the PSTN. To manage calls with external numbers, your NEC authorized representative will need to configure this additional integration between the NEC phone system and CONNECT BRIDGE. **IMPORTANT: This integration comes at no additional cost.**
