# NOT ALL CO2E TONS ARE EQUAL

## WETLAND RESTORATION AND MANAGEMENT

# WETLANDS

TERRRA is a biological carbon removal company, we restore and rewild **WETLANDS** and sell the carbon credits. Our vision is to become the leading wetland restoration and management of choice, world wide. We focus on **Black-Carbon** and **Blue-Carbon** which are one of nature's strongest **carbon sinks**.

Biodiversity

Quality & flood mitigation

Removal at scale

Fair trade

Technology

**Naftali Bennett** בנט  [@naftalibennett](#)

It was an honor meeting Sir David Attenborough today at #COP26

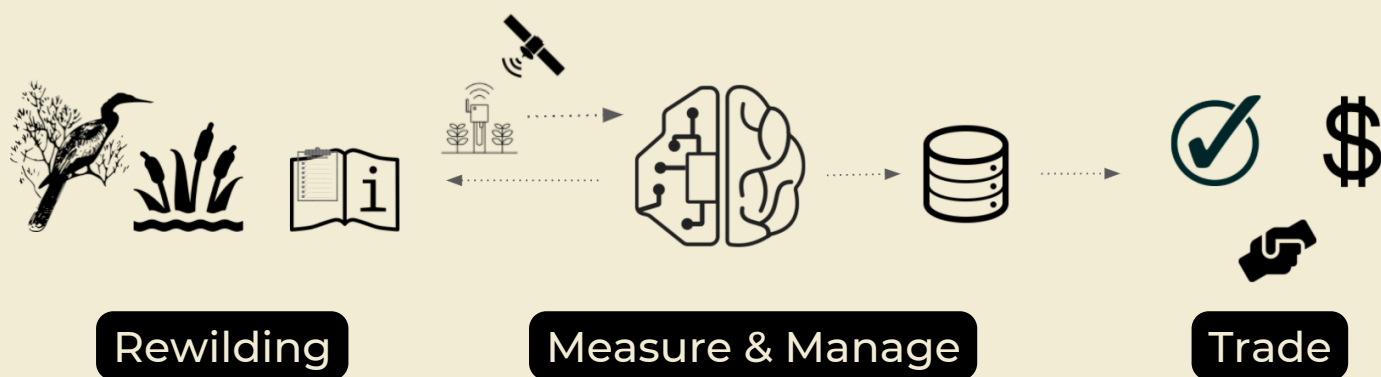

Hearing him tell me: "the world relies on Israel to come up with solutions for climate change" - increased my resolve to do just that.

Israel may be small, but our contribution to climate change won't be.

Israel is well-known as the Start-Up Nation for its high-tech and research.

## TERRRA Controls and Manages the Full Project Cycle
