

To Whom It May Concern:

We utilized Captain Cawley and his wife, Tara, on an interim basis, to crew our 85-foot Ocean Alexander, while seeking a full-time crew.

During this time, Captain Cawley was extremely professional, thorough and competent. From the beginning of his time with us, he went through the boat completely and produced a list of maintenance items needing to be addressed. He acted as if he was the full-time Captain of our boat, even though it was a temporary assignment for him.

In addition to being very friendly and accommodating, Captain Cawley was always extremely professional, dependable and knowledgeable.

We consider ourselves lucky to have met him and continue to stay in touch. We'd highly recommend Captain Cawley for any needed yacht services.

Sincerely,
