

AUTO20PWB

Modular Touch Free 1200ml Liquid Soap Dispenser

Product Features:

- Dispenses liquid soap (1ml Shot size)
- Suitable for most soaps and lotions on the market
- Large front window to check stock levels Choice of window colours
- Branding available
- Cover & Backplate: Transparent PET & ABS

The Touch free soap dispensing brings better hygiene to any environment and helps monitor the use by controlling the amount of soap. No electrical fitting is required, as each dispenser is economically operated by C size batteries. It also features an auto-switch function between two battery compartments for longer running times. To ensure optimum cost savings, the device has a 'sleep mode' and a capacitive sensor that prevents accidental soap delivery.

This unit contains a reservoir and dispenses liquid soap (1ml dosage). The unit takes x4 C sized batteries (not supplied) and will operate over 60000 cycles before the batteries run out.
