## Modular Autocut Hand Towel Dispenser

Product Features:

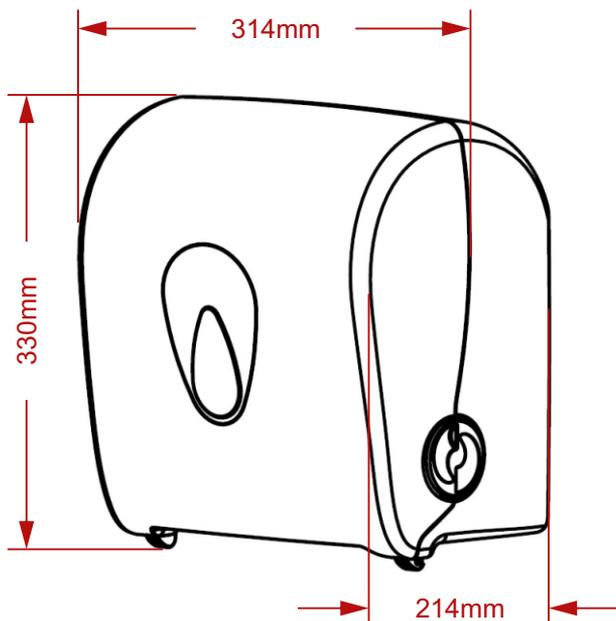

- Compact design - One of the smallest autocut units in the market that runs standard size paper towel rolls
- Easy loading - automatic paper loading mechanism when closing the dispenser
- Hygienic - users only touch the paper towel they are using, not the dispenser
- Low pull force - the 0.5kgf pull strength allows the use of a low grammage paper without tabbing
- Cutting blade The cutting blade is made of a special compound which re-sharps itself every time it cuts the paper and can be easily extracted for cleaning and maintenance
- Choice of coloured windows
- Branding Available

Manufactured in the UK

The autocut hand towel dispenser is ideal for environments where hygiene is paramount. The system delivers pre-measured flat sheets of paper towel ready to use, minimising the risk of cross contamination as only the paper is touched not the dispenser.

Brightwell's mechanical autocut dispenser is the latest addition to its iconic Modular washroom range. It offers consistent quality and performance in an attractive design, with maximum efficiency through its economical 23.5cm towel sheet length.

Product Dimensions:

Height: 330mm    Width: 314mm    Depth: 214mm

Capacity: Max Roll Diameter 19.5cm  
Standard Roll Width 20cm  
Core Diameter 3.7cm
