

## And He grew.... Luke 2:39-52

For centuries Satan has attempted to get the church into heresy regarding the person of Jesus Christ.....

He took on a \_\_\_\_\_ body.

He had all the needs an infant has.

He grew \_\_\_\_\_.

As His body had to develop, so did his mind.

Did 3-year-old Jesus know calculus?

Jesus learned the will of God through general and special revelation. The Father revealed as much as the Son needed to know.

### II. Jesus was Missing? 41-48

Jewish men were required to attend Passover. The trip was about 80 miles, a 3-4 day journey. Men would typically travel with men and women with women. There would have been hundreds of thousand there.

Jesus was twelve, not yet a “son of the law.” He would have learned the Passover rituals from Joseph.

The family had begun their journey back, having traveled a full day when they realized Jesus was not with them.

### III. Jesus had a Mission. 49-50

After traveling 3 days, they locate Jesus in the temple, having a seminar with the temple theologians. He was asking and answering questions. He knew where He was to be: In His Father’s house. He said \_\_\_\_ Father’s house. This was not anticipated.

### IV. Jesus was Submissive. 51-52

The submission of Jesus Christ was far more than dying on a cross. It also was putting on human flesh for eternity so that He could redeem his people. By the way, the twelve-year-old Jesus also willingly returned home with Joseph and Mary.
