

## **ACCA Core Distinctives**

### **➤ Distinctively Christian**

- ACCA is a Christian organization. While we have members from various denominations, associations or fellowships, our goal is to serve in a way that always honors God.

### **➤ Leadership Focused**

- ACCA is an association of executives and directors. Our goal is to provide collaborative support to one another, share innovation and develop leadership at all levels of our member organizations.

### **➤ Devoted to a Continuum of Care for Children and Families**

- Our members offer a wide variety of high quality, trauma-informed care such as campus-based care for children, family care, independent living for young adults, foster care and community-based services.

### **➤ Committed to Advocacy and Professional Development**

- We seek to promote initiatives that build and benefit the profession and scope of Christian care for children and families, both internally through conferences and training and externally through research and strategic partnerships.

### **➤ National in Scope, Local in Impact**

- ACCA has members from across the United States, and we network to help each other provide the best possible service in each local community where our various members live and serve. We believe that we are better and stronger together.
