Pre-Professional Track (Strongly Recommended for all students Grade 4+):

Once your child is enrolled in **4 classes**, they are eligible for the **Pre-Professional Track for an additional \$50**.

The Pre-Professional Track will allow them to **take an unlimited number of in-person classes, as long as space is available**.

For those on the Pre-Professional Track, they will have a "secured/guaranteed" spot in four of their in-person classes; the classes they have paid full price for. However, their fifth, sixth, seventh, etc. class is not guaranteed. If a class becomes full, we will give priority to those who pay the full \$100/class fee. We will let you know ahead of time if we need to move your child out of a class. An alternative to the Pre-Professional Track would be to pay \$100/month for every class your child is enrolled in to guarantee a spot

Parents must enroll for classes, including for trial class, via Studio Director: <http://tinyurl.com/WLADance>

Students are automatically enrolled for the next session and tuition is charged automatically to the card on file.

Note: registration fee must be paid + waiver must be accepted via Studio Director before any student enters class(es).

Private Lessons: 30 minutes - \$45 45 minutes-\$60 1 hour- \$80

(Additional student for semi-private add for each student \$5 for 30 min. class, \$10 for 45-60 min. class)
