Enabling Movement Foundation is a 501 c (3) organization established to help support the health and wellbeing of the disabled population by providing community programs with specialized equipment to enable safe movement. These programs support all ages and diagnoses. The specialized adaptive equipment assist the disabled individual's movement, thereby offering some of the same opportunities as ablebodied individuals have for exercise, movement and recreation. All donations are tax-deductible. To register, please go to our website at <https://enablingmovement.com/golf-tournament>
