

Statement from FEDDs Leadership

The FEDDs do not endorse candidates. The information we have provided is NOT an endorsement of any candidate. It is just information we have gathered for our members.

We have listed all candidates on the ballot for those races primarily in the FEDDs geographical area. We have included information on candidates who have been endorsed by progressive groups and responded to our request for data. We have also included the average ranking given to candidates who played our Bingo game, as determined by our members. Candidates were asked up to 24 questions regarding duties of the Mayor, City Council and their vision for Dallas. Members ranked their answers on a scale of 1-5, where 1 = Strongly disagree with the answer, and 5 = Strongly agree with the answer. We only included rankings for races where we felt there was sufficient data—District 9 and the mayoral race.

City Council Candidates
