

P008 – Individual Needs Policy

1. Scope

This policy applies to all activities and personnel that undertake or execute corporate roles, functions and/or related governance activities on behalf of District 360 Supports.

2. Purpose

The purpose of this policy is to establish standards of practice that recognise each participant of District 360 Supports as having unique skills, lifestyle preferences, personal aspirations and support needs

3. Policy Statement

District 360 Supports is committed to ensuring that the provision of services to its participants uses a person-centred approach and, in the case of children, a family centred approach.

All participants of District 360 Supports receive services that are designed, coordinated and delivered around their individual circumstances, needs and preferences.

4. Other relevant District 360 Supports policies

Staff, especially managers and supervisors, are encouraged to read this policy in conjunction with other relevant District 360 Supports policies, including;

- Access to Service Policy
- Participant Decision Making and Choice Policy
- Person-centred Support Policy

5. Relevant Legislations

- Disability Services Act 1993
- Corporate Governance Legislation-Australia
- National Standards for Disability Services – Standard 6

6. More information
