### *Thank you for scheduling a private session with Robin Cheyney!*

- A day or two before your private session, think about how you want the light to assist you
  - Making a list may be helpful. Your list may be broad or specific and address physical, emotional, or spiritual needs. You may also allow the light to decide what is best for you.

### *Manage Your Expectations!*

- Results vary. They may be gradual, immediate, the next day, the next week, the next month or not at all. Results may even need multiple sessions to be seen.
- I also have to manage the process in terms of my health and well-being, so I may need to reschedule without notice.

## *For your session*

- Be open for the experience
- Saying a prayer before we connect is always helpful
- Hydration is encouraged before, during and after your session

  - nothing at all
- Sensations may move, shift, hover in one place or fade in and out
- Everyone receives energy differently, try to relax and be open to whatever happens
