

# Lactation (Breastfeeding) Clinic

As a mom, we know you want to do all you can to keep your baby happy and healthy. Breast milk supplies custom-made, complete nutrition to your child, and that's why our clinic will work with you to ensure both you and baby are set up for success!

## Why Choose Our Clinic

- Timely appointments, often same day or next day, lasting from 15 minutes to one hour, depending on your situation or concerns
- Appointments related to lactation and breastfeeding, ranging from expressing milk prenatally, milk supply, milk not letting down, latching issues, breast infection management, pumping questions, medication questions, return to work, weaning and much more
- Consultative as well as hands-on approach, depending on your comfort level
- Convenient parking and location at CentraCare Plaza
- Children welcome

Giving baby the best start!

## Payment

Our services do not require a referral, and most of our services are covered by insurance. Bring your insurance information to your first visit. Please contact your insurance provider with any questions about your coverage.
