

# INFINITY PUMP

4 MILLION CYCLES STRONG

## RELIABLE

OPERATION

The infinity Pump Switch is rated for 4 million cycles with no external moving parts to fail or break.

Infinity Pumps are designed, assembled, and tested in the U.S.A.

## POWERFUL

PUMPING

With more pumping power than the leading brands.

You can rely on Infinity Pumps to protect your basement in even the most severe storms.

## EFFICIENT

DESIGN

Infinity Sump Pumps move a tremendous amount of water, however, they use very little energy in doing so.

Infinity Pump motors are extremely energy efficient and will provide years of reliable operation.

# 1/3HP SUMP PUMP

**3**

YEAR WARRANTY

- EXTREMELY ENERGY EFFICIENT
- HIGH OUTPUT MOTOR
- ALUMINUM / PLASTIC HOUSING
- INFINITY SWITCH
- 1 1/2" DISCHARGE

# 1/2HP SUMP PUMP

**5**

YEAR WARRANTY

- EXTREMELY ENERGY EFFICIENT
- HIGH OUT-PUT MOTOR
- STAINLESS STEEL / PLASTIC HOUSING
- INFINITY SWITCH
- 1 1/2" DISCHARGE

# 1/2HP SEWAGE PUMP

**5**

YEAR WARRANTY

- EXTREMELY ENERGY EFFICIENT
- HIGH OUT-PUT MOTOR
- STAINLESS STEEL / PLASTIC HOUSING
- INFINITY SWITCH
- 2" DISCHARGE

# PROTECT YOUR BASEMENT

## FLOOD PROTECT WIFI HIGH WATER ALARM

### HIGH WATER ALARM

The difference between knowing and not knowing about a high water emergency is a flooded basement.

This easy-to-use, simple-to-install high water alarm will send you a text and email alert whether you are home or away to avoid costly flood damage, keeping your basement dry.

## ALPHA

### BATTERY BACKUP PUMP

The Alpha Battery Backup Sump Pump System is the first choice for advanced protection against sump pump failure and power outages. The Alpha system has more pumping power, more run time, and more features than any other system.

## SMART SUMP

### SUMP PUMP CONTROL

Turn your sump pump into a smart pump, the SmartPump control tests the pump once a week. It also monitors the pump motor and can detect a weak pump before a flood occurs. The SmartPump has a built in highwater alarm and is capable of sending email and text alerts in an emergency.

## About us...

IT'S MORE THAN JUST A  
PUMP

Ironically, SumpTek started in a basement in 2014 with the vision of producing extremely reliable and innovative pump equipment. Equipment that uses technology to prevent basement flooding, thus the SumpTek name.

Today SumpTek is a family owned and operated company rooted in the Midwest. Our values run deep throughout our culture. We serve each other, so we can serve our customers, that starts from the top down. We all roll up our sleeves to get the best possible product protecting your basement.

David Miller  
Founder & President

## SMART TIPS TO PREVENT BASEMENT FLOODING:

### YOU CAN'T FIGHT MOTHER NATURE

You will never be able to eliminate the ground water around your home but you can redirect it. Make sure that all gutter down spouts and pump discharge pipes are moving the water away from your home and not back into your foundation.

### HAVE A BACK-UP PLAN

Having a second pump is the best flood insurance policy money can buy. A battery back-up sump pump system protects against both power failure and pump failure. It is important that your back-up pump system pumps as much or more water than your primary sump pump to protect against heavy rains.

### MAINTAIN YOUR EQUIPMENT

Sump and Sewage pump equipment is usually tucked in the corner and often forgotten about. Things like check valves, pumps, and piping need to be inspected and your sump pit cleaned once a year. Hiring a trained professional service company periodically can offer peace of mind and a dry basement year after year.
