

WILL YOU TAKE A STAND?

Did you know that K-12 and public libraries are exempt from Georgia's obscenity laws? Yes, that means the obscene, pornographic, and sexually explicit books in our school libraries and public libraries are there **legally**. Shocking news, is it not?

Georgia is not the only state where this is occurring. Nationwide, sexually explicit, obscene, and pornographic material is being pushed in our K-12 schools and public libraries. We can no longer sit back and let our children be stripped of their childhood and emotional health. Pornography addiction is on the rise among minors. These materials are grooming our children for sex trafficking and pedophilia. We can fight the system one book at a time, but they are here to stay until we change the existing GA Code, i.e. GA law.

We do understand the importance of intellectual freedom and access to a wide range of materials for educational purposes. However, there should be a clear distinction between protecting freedom of information and exposing our children to explicit and age-inappropriate content.

The onslaught of sexually explicit, pornographic, and obscene materials will not stop until our legislator's close obscenity loopholes in GA Code (OCGA 16-12-104). SB 74 will remove the loophole in GA Code. SB 74 passed the Georgia Senate in 2025 but failed in the House Judiciary Non-Civil Committee. [This bill is still active for the 2026 legislative session.](#)

Help us to help you protect your children and grandchildren! Please help by signing the petition and sharing this link with your family, friends and neighbors. **We need to show our Georgia legislators that we understand the resolution for this issue lies in passing SB 74.**

Please consider joining Georgians for Responsible Libraries (GAFRL) as a county leader. You can assist us with this effort by sharing the following website with your family, friends, neighbors, church Sunday School class, or other organizations before the 2026 legislative session begins January 2026.
