PRESS RELEASE

SolonTek signs a partnership agreement with **PECB**

July, 2021 – SolonTek, a North American provider of cybersecurity services and the developer of a highly sought out cyber intelligence platform, has signed a partnership agreement with **PECB** to expand its presence in the compliance market. Based on the agreement, the **SolonTek Corporation** will begin to provide services related to ISO standards.

SolonTek Corporation

“As a long time, customer of PECB, I can attest to the quality of training, and certifications that come from PECB,” said Sara Spencer, CEO of SolonTek Corporation. “This partnership brings our customers assurance and peace of mind, as we move towards a fully integrated and digital way for managing long-term compliance and training. We believe that with the right combination of techniques and services, that together we will indeed succeed. At SolonTek we believe that everyone deserves quality cybersecurity, and this partnerships puts us on the path to helping secure the future of tomorrow for our customers in North America,” concluded Spencer.

PECB

“This partnership addresses a specific market need. Organizations are looking to simplify integration, and I believe that together with **SolonTek Corporation** this can be more easily managed,” said Eric Lachapelle, CEO of PECB. “This partnership brings customers an independent open plan, so they can retain tractability in their long-term training decisions. Therefore, I believe that with the right combination of techniques and services, together we will succeed,” concluded Lachapelle.

About PECB

PECB is a certification body for persons, management systems, and products on a wide range of international standards. As a global provider of training, examination, audit, and certification services, PECB offers its expertise on multiple fields, including but not limited to Information Security, IT, Business Continuity, Service Management, Quality Management Systems, Risk & Management, Health, Safety, and Environment.

We help professionals and organizations show commitment and competence with internationally recognized standards through education and certification against rigorous, internationally recognized requirements. Our mission is to provide our clients with comprehensive services that inspire trust, continual improvement, recognition, and benefit the society as a whole. For more detailed information regarding PECB principal objectives and activities, visit www.pecb.com.

SolonTek Corporation

SolonTek is a Cybersecurity Service Provider offering compliance training, auditing and implementation. SolonTek has developed a cyber intelligence platform VALKERIE™ to manage ISO, CMMC, NIST, HIPPA and SOC2 compliance that provides real-time continuous monitoring of security controls, allowing for intelligent automation and control verification for trust frameworks. It seamlessly integrates with the data in an existing compute environment or can be an all-inclusive solution with built in vulnerability scanning, third party application security, identity, and access management and more. Creating a data-lake for one source of truth, and in one pane of glass. This proactive visibility to detect, analyze, and mitigate cyber-breaches before they occur not only saves money but frees up Executive and IT teams to focus on more important tasks.
