*To promote safety, education, positive public relations and networking within the professional and business minded Towing & Recovery Industry.*

***We will provide and promote;***

- *Live hands-on traditional towing and recovery education seminars held in every state in the Union on a requested and supported basis.*
- *Internet theory sessions and DVD training.*
- *Provide certification on different levels as requested by our members, including “Real Towing & Recovery Certification” and “Day-1 Towing Certification”*
- *Develop and distribute a series of Public Service Announcements promoting issues of common concerns between the motoring public and the professional towing industry.*
- *Exclusive for members; substantial purchase discounts set forth for programs currently set up. If there is an interest, we will move forward with the following programs; health care, diesel fuel & tires. We will need membership numbers & participation to make these programs work.*
- *Exclusive member discounts for business consulting, expert witness, recovery bill mediation or review.*
- *Networking opportunities between members and outside clients, including supporting other towing companies when a natural disaster or large influx of towing work happens in one area.*
- *Developing response teams to help member companies with death-illness- in family situations.*
- *Foster multiple toy gathering events with towing companies United States-wide during holidays.*
- *Overall purpose is to work on common issues of professional and business minded towing companies, working together as a group to make good common sense and dollar and cents!*

*Service to others is the rent you pay for your room here on earth.*

***Membership is \$225.00 per year with many cost savings benefits!***

# NEW PRODUCTS

## American Towing & Recovery Institute

Now stocks Peerless Grade 100 Alloy Silver Shield Galvanized Chain in 3/8" & 1/2"

This chain has been around for decades.

We are just the 1<sup>st</sup> to bring this superior performance chain to the towing industry.

The Peerless proprietary Shield™ process is a Zinc Mechanical Deposit galvanizing coating. The Silver Shield process is an applicable corrosion prevention technology for high strength alloy chain like G100. The chain is **not heat treated** during the galvanizing process so there is **no reduction in working load limit.**

1/2" Ratings are the same as standard grade 100 chain – 15,000 lbs working load limit

3/8" Ratings are the same as standard grade 100 chain – 8,800 lbs working load limit

### Grade 100 Straight Chain in 10', 15' & 20' with No Hooks (PRICES INCLUDE FREE SHIPPING)\*

### Grab Hooks available in Non Shoulder or Shoulder

**Specifications:** Meets ASTM Spec. B454, Military Spec. MIL-C-8156 2A for mechanical zinc coating required by ASTM A-153, Class D. RoHS Compliant.

**Strength Loss:** None. Silver Shield™ Galvanizing finish is applied at room temperature. There is no strength loss due to incidental tempering.

**Applications:** Chains used in coastal areas which are subjected to salt air as well as other hostile operating environments, or anywhere high strength and corrosion protection is needed.

**\*\*FREE SHIPPING FOR US, HAWAII, PUERTO RICO & VIRGIN ISLANDS**

# Miller Frame Hook Chain – Grade 100 1/2” Chain

With choice of either Peerless Grade 100 Silver Shield Galvanized Chain or Grabiq Blue Powder Coated Chain – Same Price

This Trailer Plate & Frame Rail Chain, from B/A Products. This exclusive chain assembly consists of one chain that features a flat throat hook at one end & a grab hook at the other. This chain assembly has a working load limit of 15,000 lbs. per assembly. This flat hook can be used to hook directly into a frame rail or trailer plate pocket unlike a grab hook that is required to be hooked back into a chain.

## Features

- Grade 100 Chain – Peerless Galvanized Silver Shield Chain or Grabiq Blue Powder Coated Chain (Available from American Towing & Recovery Institute only)
- Standard Grade 100 1/2” Chain Length is 5 foot, but at ATRI we offer any length.
- Even though any length is an option, below are prices for 5, 10, 15 or 20 foot lengths Trailer Plate & Frame Rail Chain
- Each assembly features a flat throat hook at one end and a grab hook at the other
- Working Load Limit: 15,000 lbs. per assembly

**Grade 100 - 5 ft 1/2” Chain with Frame Hook w/ ACL on one end and clevis grab hook on the other**

# Fork, High Stands & Receivers

From Bro Towing Equipment, the people who INVENTED the Heavy Duty Lift... and brought it to America in the 1980s.

**CERTIFIED** Made in the USA with American Steel!!

<p><b><u>3.25" Low Profile Standard Lifting Fork</u></b>            #82200801 Low profile type designed to slide under the low bumper &amp; engage the axle with the longer finger.</p>  <p>\$190.51 ea Non Member  <b>\$164.43 ea Member</b></p>	<p><b><u>Extra Low Profile Lifting Fork</u></b>            #82200150 Pair of extra low profile fork 2-3/4" x 2-1/4" x 1-1/2"</p>  <p>\$305.75 pr Non Member  <b>\$263.90 pr Member</b></p>	<p><b><u>U Bolt Fork, Rear Lift</u></b>            #300500000, Rear Lift Only</p>  <p>\$162.29 ea Non Member  <b>\$140.07 ea Member</b></p>
<p><b><u>Super Duty Fork</u></b>            #250213800 the tube axle on the Ford Super Duty model 2002 require a special fork that prevents the axle from denting. This half round fork fits snug around the axle and is designed to prevent this from happening. Using regular frame forks will damage or dent the axle.</p>  <p>\$179.93 ea Non Member  <b>\$155.30 ea Member</b></p>	<p><b><u>Volvo Axle Bracket Fork – SteerTek Fork</u></b>            #150513900, Hendrickson STEERTEK AXLES doesn't allow use of forks on the axle itself. Freightliner &amp; Volvo trucks use the new axle. School busses have been equipped with same axle since July 2003. Most trucks will have this type of axle &amp; can only be lifted by the lower axle wraps. Towing the vehicle by the axle will cause scarring &amp; resultant damage to the axle and void warranty.</p>  <p>\$212.27 ea Non Member  <b>\$183.21 ea Member</b></p>	
<p><b><u>Gillig Bus Fork</u></b>            #300520000, Gillig bus fork</p>  <p>\$178.75 ea Non Member  <b>\$154.28 ea Member</b></p>	<p><b><u>Bus Fork Tow Eye Pin</u></b>            #300100000, Bus fork clevis type bus fork to lift bus models equipped with lift &amp; tow eyes like GMC, Nova, RTC &amp; MCI busses. Picture shows front snow plow brackets pick-up.</p>  <p>\$276.36 ea Non Member  <b>\$238.53 ea Member</b></p>	
<p><b><u>V Shaped Deep Fork</u></b>            #82200806, This fork was designed for heavy construction trucks lifting by the axle. When nothing really fits try this very versatile tool.</p>  <p>\$192.86 ea Non Member  <b>\$166.46 ea Member</b></p>	<p><b><u>4" Bus Fork</u></b>            #250213500, 4" bus and tube fork is designed to lift at the 4" torsion tube on the newer MCI &amp; other busses. This fork is used to lift trucks with tail gate lift.</p>  <p>\$176.40 ea Non Member  <b>\$152.25 ea Member</b></p>	

**Nova Fork for Flat Towing**

#26100000, Nova fork for flat towing

\$286.94 ea Non Member  
\$247.66 ea Member

**2.5" U-Bolt Fork**

#250513600, This fork is designed to fit between the U-bolts. This type of lift will prevent the truck from sliding since the U-bolts prevents the fork from moving along the axle. The fork opening is 2.5" which fits the typical light to medium size truck axle. International 47/4900 series are a typical chassis for this fork.

\$182.28 ea Non Member  
\$157.33 ea Member

**Spring Fork**

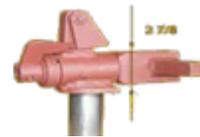

#82200814, The self-aligning spring fork is one of the most popular forks and attaches to the spring itself. Four different positions for the fork lock pin ensure a snug fit. The fork hinging feature permits alignment with the spring during lift. The spring hangers are always located up front or close to the bumper. This will decrease the load on the tow truck's axle, i.e. the closer you can pull in the towed vehicle the less weight on your rear axles. Always secure the towed vehicle with safety chains on both sides before towing. Make sure the chains are damage free and have the correct grade and size.

\$364.56 ea Non Member  
\$314.56 ea Member

**Self Loading Fork**

#82200816, Picture shows (left to right), the self loading fork in operating mode. When the trigger contacts the axle (middle picture) the spring loaded fork finger rotates into position behind the axle. 2 7/8"

\$203.00 ea Member

**6" Tall 2.5" Wide Fork**

#250230000, 6" tall wide fork is taller version of U Bolt Fork 2.5" wide opening.

\$196.39ea Non Member  
\$169.51 ea Member

### Chain Fork

#82200813, Chain fork is used in many ways. The chain fork lifts a completely wrecked truck -no axles or tires -and the under reach functions as a tow bar. The chain forks are milled from one high tensile steel bar and accept 1/2" to 5/8" chain.

\$298.70 ea Non Member  
**\$257.81 ea Member**

### Detroit Low Oil Pan Fork

#300200000, Detroit low oil pan fork, allow clearance for the oil pan.3.5" wide opening

\$216.38 ea Non Member  
**\$186.76 ea Member**

### 9" Tall Fork

#250212900, When you can't find the right fork try our versatile 9" tall fork and use the chassis frame as lifting point. One finger of the fork enters a hole in the cross member and prevents the towed vehicle from sliding. Attach your safety chains accordingly.

4 3/4" x 9 5/16"

\$229.32 ea Non Member  
**\$197.93 ea Member**

### 6.5" Wide Rear Axle Fork

#250512600, Lifting trucks from the rear can sometimes be difficult. Newer trucks are equipped with air ride or air bags which limit the lifting sites. The axle housing is one of the more popular places, however forks must be wide and tall enough. Some trucks such as Peterbilt have unequal width housings. We designed the 5.5" and 6" forks to "fit them all" so that you can use them on most trucks without using high stands to get clearances.

\$226.97 ea Non Member  
**\$195.90 ea Member**

### 5.5" Wide Rear Axle Fork

#250212500, Lifting trucks from the rear can sometimes be difficult. Newer trucks are equipped with air ride or air bags which limit the lifting sites. The axle housing is one of the more popular places, however forks must be wide and tall enough. Some trucks such as Peterbilt have unequal width housings. We designed the 5.5" and 6" forks to "fit them all" so that you can use them on most trucks without using high stands to get clearance.

\$196.39 ea Non Member  
**\$169.51 ea Member**

### 4.5" Wide Tall Fork

#82200805, When lifting the axle make sure that the forks are positioned as close as possible to the U-bolts. This to avoid a sliding effect in turns. Bottom photo shows how the fork is lifted behind the spring hangers. This method allows the operator to reduce stinger extension to effect a reduced rear axle weight.

\$209.33 ea Non Member  
**\$180.67 ea Member**

### 4.5" Short Wide Fork

#82200807, When lifting the axle make sure that the forks are positioned as close as possible to the U-bolts. This to avoid a sliding effect in turns.

\$195.22 ea Non Member  
**\$168.49 ea Member**

**5 x 5 Receiver (driver side)**

#250231000, 5 x 5 receivers have 2 fork holes for easy hook-up. The outer hole is offset and gives you extra width during axle or frame lift. Shifting one receiver from passenger side to the driver's side will decrease the distance between receivers. The receiver is a low-mount design which enables the fork to "sneak" under low bumpers and, when inverted, gives you extra height.

\$350.45 ea Non Member  
**\$302.45 ea Member**

**3.5" x 3.5" Receiver**

#250260000D (driverside) or #250260000P (passengerside), 3 1/2" x 3 1/2" receivers have 2 fork holes for easy hook-up. The outer hole is offset and gives you extra width during axle or frame lift. Shifting one receiver from passenger side to the driver's side will decrease the distance between receivers. (see middle pictures). The receiver is a low-mount design which enables the fork to "sneak" under low bumpers and, when inverted, gives you extra height.

\$350.45 ea Non Member  
**\$302.47 ea Member**

**4" x 4" Receiver**

#25025000, 4" x 4" receivers have 2 fork holes for easy hook-up. The outer hole is offset and gives you extra width during axle or frame lift. Shifting one receiver from passenger side to the driver's side will decrease the distance between receivers. (see middle pictures). The receiver is a low-mount design which enables the fork to "sneak" under low bumpers and, when inverted, gives you extra height.

\$350.45 ea Non Member  
**\$302.47 ea Member**

**7" High Stand**

#250213100, High Stands raise the fork to a higher position. The need may arise when the suitable fork is not tall enough to reach the desired lift point, that the stinger hits the bumper before the fork is in position, or in similar situations. The high stands are 7" tall and are available in two models. One has the standard 2" shaft and the other is a "slide on" type for 4x4, 5x5, 6x4 or 6x6 inches cross bars. (see part # 250213100).

We recommend the slide on style since it is more rigid than the 2" shaft model. When high stands are used, make sure the towed vehicle is secured by extra safety chains and that the "swaying motion" is limited as much as possible.

\$395.14 ea Non Member  
**\$341.04 ea Member**

# **The American Towing & Recovery Institute**

*in conjunction with* **Wes Wilburn Consulting**

## We offer the following continuing education classes:

- One day light duty
- One Day Light Duty – Towing Only
- One Day Heavy Duty – Towing Only
- Two day Light and Medium Duty
- Two Day Medium and Heavy Duty
- Two Day Rotator/ Heavy Rigging, OSHA Level 1 Riggers Course
- Two day Air Cushion Recovery
- One, Two or Three day fire fighter-Tower Cross training (Taught to NFPA standards)
- 2-hour hybrid vehicle Seminar

Are you interested in hosting a public class or having a private class at your location? **Please call Wes at (910)747-9000**

We offer private on-site training sessions for light, medium, heavy & Fire-Rescue Cross Training classes.

These sessions focus on specific topics & can be very cost-effective method to get everyone on the same page!

Call or write for more information on a class quote today!

Each class is filled with some theory and LOTS of hands-on sessions. We will focus on many different aspects of towing & recovery, including quicker safer methods & new ideas from all across North America.

*Do you want the complete class details? Or to register online...*

**[www.americantowingandrecoveryinstitute.org](http://www.americantowingandrecoveryinstitute.org)**

*Class dates are tentative and subject to change.*

## 2021 Towing & Recovery Continuing Education Schedule The American Towing & Recovery Institute

*in conjunction with* **Wes Wilburn Consulting**

- 2 Day Rotator Recovery & Specialized Ultra Heavy Towing Jun 5-6, 2021 Indianapolis, IN
- 1 Day Advanced Level Light Duty Towing & Recovery June 25, 2021 Kansas City, KS
- 2 Day Heavy Duty Towing & Recovery June 26-27, 2021 Kansas City, KS
- 1 Day Advanced Level Light Duty Towing & Recovery July 23, 2021 Detroit, MI
- 2 Day Heavy Duty Towing & Recovery July 24-25, 2021 Detroit, MI
- Ohio Tow Show, September 23-26, 2021 Mason, OH (We will be there)
- 1 Day Advanced Level Light Duty Towing & Recovery October 15, 2021 St Louis, MO
- 2 Day Heavy Duty Towing & Recovery October 16-17, 2021 St Louis, MO
- TRAO Tow & Treat, we will be there with a booth October 23, 2021 Cincinnati, OH
- 1 Day Advanced Level Light Duty Towing & Recovery October 24, 2021 Cincinnati, OH
- 2 Day Light & Medium Duty Towing & Recovery December 4-5, 2021 New Orleans, LA

**Are you interested in hosting a public class or having a private class at your location? Please call Wes @ 910-747-9000**

We also offer private on-site continuing education sessions for light, heavy and Fire-Rescue Cross Training classes. These can focus on specific topics and can be very cost effective methods to get everyone on the same page! Call or write for more information on a class quote today!

# Eight Point Rollback Tie Down Systems

Each strap has a Working Load Limit (WLL) 4000 lbs

Available in Classic Polyester, Tower's Edge & Heavy Duty Webbing in 14 foot & 18 foot

## BA Products Polyester Class Webbing

Available in **Yellow**, **red**, **purple**, **pink**, **hi-viz**

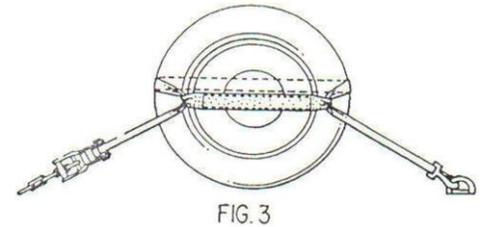

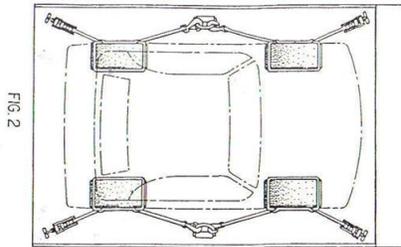

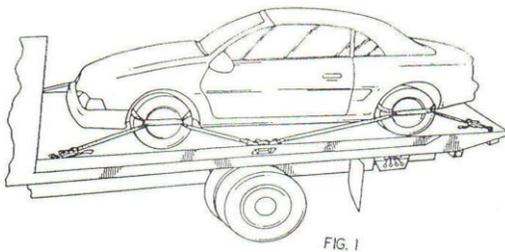

Our quality classic webbing has been chosen as the tower's workhorse strap for decades and has become the standard for everyday use in the towing industry.

## BA Products Tower's Edge Webbing

Web is PVB impregnated to give maximum protection against the elements, resisting water & other fluids up to 50% more than standard web. Modified acrylic web coating provides further protection from the elements and a more durable permanent finish. We have also chosen a slightly tighter weaver for this webbing adding increased flexibility & tear resistance. Best available edge protection for extreme resistance with black thermoplastic coated polymer yarns.

## BA Products Heavy Duty Webbing (B.A.H.D)

Feel the difference with this Heavy Duty Webbing. Over 50% more fibers than our classic webbing. The added benefits for this thicker, heavier design is longevity, durability and superior abrasion resistance.

# Eight Point Tie Down Systems

Each kit is available in Standard Yellow, Red, Purple, Pink webbing & 14 or 18 foot straps with different options of extensions. We have available ...

- Straps with Snap Hooks
- Straps with Chain Tails
- Straps with Chain Tails & Mini J Hooks

Pricing is provided below.

## Straps with Snap Hooks & ratchets with chain tail

**#38-200 – Complete set of 14 foot straps includes :**

- 4 ratchets with chains
- 4 - 14 foot long straps with snap hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$142.24 ea Non Member or \$137.01 ea Member**

**#38-218 – Complete set of 18 foot straps includes:**

- 4 ratchets with chains
- 4- 18 foot long straps with snap hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$165.00 ea Non Member or \$154.65 ea Member**

**Upgrade Gradual Release Rubber Handle Ratchets**

Upgrade the standard ratchet with chain tails to gradual release rubber handles ratchets...

**#38-8200 for 14 foot straps \$148.25 ea Non Member or \$144.20 ea Member**

**#38-2818 for 18 foot straps \$152.25 ea Non Member or \$149.97 ea Member**

## Straps & ratchets with chain tail

**#38-200C – Complete set of 14 foot straps includes :**

- 4 ratchets with chains
- 4 - 14 foot long straps with chain tails
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$154.56 ea Non Member or \$141.01 ea Member**

**#38-218C – Complete set of 18 foot straps includes:**

- 4 ratchets with chains
- 4- 18 foot long straps with chain tails
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$161.65 ea Non Member or \$149.65 ea Member**

**Upgrade Gradual Release Rubber Handle Ratchets**

Upgrade the standard ratchet with chain tails to gradual release rubber handles ratchets...

**#38-8200C for 14 foot straps \$155.25 ea Non Member or \$148.20 ea Member**

**#38-2818C for 18 foot straps \$161.25 ea Non Member or \$153.97 ea Member**

## Straps with Snap Hooks, ratchets with chain tail & D-Rings

### #38-200D – Complete set of 14 foot straps includes :

- 4 ratchets with chains
- 4 - 14 foot long straps with snap hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$160.14 ea Non Member or 147.01 ea Member**

### #38-218D – Complete set of 18 foot straps includes:

- 4 ratchets with chains
- 4- 18 foot long straps with snap hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car
- D Rings

**\$164.07 ea Non Member or \$151.65 ea Member**

### Upgrade Gradual Release Rubber Handle Ratchets

Upgrade the standard ratchet with chain tails to gradual release rubber handles ratchets...

**#38-8200D for 14 foot straps \$166.25 ea Non Member or \$153.20 ea Member**

**#38-2818D for 18 foot straps \$168.92 ea Non Member or \$158.97 ea Member**

## Straps & ratchets with Snap Hooks

### #38-200SH – Complete set of 14 foot straps includes :

- 4 ratchets with snap hooks
- 4 - 14 foot long straps with snap hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$151.21 ea Non Member or \$138.01 ea Member**

### #38-218SH – Complete set of 18 foot straps includes:

- 4 ratchets with snap hooks
- 4- 18 foot long straps with snap hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to contact car

**\$154.07 ea Non Member or \$141.65 ea Member**

### Upgrade Gradual Release Rubber Handle Ratchets

Upgrade the standard ratchet with snap hooks to gradual release rubber handles ratchets...

**#38-8200D for 14 foot straps \$157.25 ea Non Member or \$144.20 ea Member**

**#38-2818D for 18 foot straps \$160.92 ea Non Member or \$149.97 ea Member**

## Straps with chain tails & mini j hooks & ratchets with chain tail

**#38-200C-J – Complete set of 14 foot straps includes :**

- 4 ratchets with chains
- 4 - 14 foot long straps with chain & mini j hooks
- 4 heavy duty reinforced short straps (dog bones) no metal rings to conta

**\$160.14 ea Non Member or 147.01 ea Member**

## Carrier Tie Downs with Lasso Straps

4 Tower’s Edge Lasso Straps (3330 lbs wll) **#V38-1**

4 Wide Handled Ratchets with gr 70 5/16” chain tail (4000 lbs wll) **#38-100-R**

4 Wear Pads/Strap Protectors **#38-SL2**

\*each strap is 110” long w 2” ring (108” of strap + 9’ 2” long)

Set \$146.20 Non Member **\$126.80 Member**

## Tow Eye Suggestions We now know a better way – Low Profile Exotic Straps

**#LP11-EC44** – This strap was specifically designed for Tesla & most high end luxury automobiles where the tie rod end is very close to the lower control arm. This “soft touch” V strap allows you to load most cars without using the tow eye! WLL 5,400 lbs @ 60 degrees 2” strap with 4’5” reach  
\$89.50 each Non Member **\$78.75 ea Member**

This is a better way to reduce leverage on the “tow eye” & keeps hook away from the car.

The “OLD WAY” was using a purple loading strap.

Wes says stay away from these pull pins.

*“I really feel like LOW PROFILE EXOTIC STRAP is the best choice” - Wes*

# Steering Wheel Locks

We recommend using a Steering Wheel Lock whenever towing any vehicle, whether you are towing forwards or backwards. If there is a failure, you want the vehicle straight behind you.

Top of Steering Wheel Lock is a loop

1. Hold loop against bottom of steering wheel with buckle facing dashboard
2. Pull entire steering wheel lock under steering wheel and thread it through the loop. (like putting on a necktie)
3. Place bottom hook of steering wheel lock under seat mount to seat strut and tighten with buckle.

Note 1. After you adjust belt to a snug fit when closing, the buckle will automatically tighten lock more

Note 2. Buckle releases by pressing "Push to Release" button on buckle.

## **#8-31** Lasso Style Steering Wheel Lock

Steering wheel lock with camlock for towing 2 lbs

\$21.34 each or 2 for \$40.88 Non Member

**\$18.42 each or 2 for \$35.04 Member**

## **#8-R32** Hook Style Steering Wheel Lock

Steering wheel lock with ratchet for towing 4 lbs

\$24.01 each or 2 for \$46.22 Non Member

**\$20.72 each or 2 for \$39.64 Member**

## **#8-34CH** Claw Hook Style Steering Wheel Lock

Steering wheel lock with 2 coated claw hooks & cam lock for towing 2 lbs

\$23.37 each or 2 for \$44.94 Non Member

**\$20.17 each or 2 for \$38.54 Member**

## **#8-R34CH** Claw Hook Style Steering Wheel Lock

Steering wheel lock with 2 coated claw hooks & ratchet for towing 4 lbs

\$25.60 each or 2 for \$49.40 Non Member

**\$22.10 each or 2 for \$42.40 Member**

# Lasso Straps

Single standard webbing available in purple, red & yellow

**#38-1** Lasso Straps – each strap available in purple, red & yellow is 98” long with 2” O-Ring – 96” of strap 3300 lbs WLL each strap yellow, red, purple  
 \$8.75 ea Non Member **\$7.15 ea Member**

**#Cure38-1** Cure Breast Cancer Awareness Pink Lasso Straps  
 each strap is 96” long w/2” O Ring 3300 lbs wll.  
 \$11.86 ea Non Member **\$10.24 ea Member**

## Tower’s Edge High Performance Webbing

- Edges are constructed of polymer yarns coated with an abrasion and cut resistant thermoplastic polymer
- More resistant to tears, cuts and abrasions
- Up to 50% less water absorption
- PVB impregnated for superior protection against the elements
- Web coating is a modified acrylic which is a durable and permanent finish.

## Polyester Round Sling Eye to Eye – American Made

- All-Grip Polyester Round Sling consists of multiple polyester fibers encased in a double thick woven tube of polyester web.
- Made in America
- They are soft and pliable and grab the load securely.
- Their ability to conform to the load helps make stable lifts and their lack of stretch (approximately 3%) helps to eliminate load bouncing.
- An excellent sling for many uses.
- Tagged per A.S.M.E. B30.9 specifications.

# Recovery Straps – Cordura Covered (Wrapped)

These are the recovery straps that Wes uses in demonstrations all over the country. The straps are wrapped on 3 sides (front face and both edges) with cordura, which gives an extra layer of protection.

## Peerless 25 ton Alloy Steel Screw Pin Anchor Shackle Made in Italy

This Peerless 1.5 inch alloy steel shackle fits in container eyes the same as a 17 ton carbon steel shackle will but because it is made of higher quality steel it is much stronger.

Working Load Limit: 25 tons

#9999-25 \$136.25 Non Member **\$105.00 Member** weight 17 lbs

Diameter A: 5.750"  
Pin Diameter (D): 1-5/8"  
Diameter B: 1.420"  
Diameter E: 3.370"  
Diameter G: 3.750"  
Diameter W: 2.380"

-Shackles are Type Approved by DNV & ABS. -Shackles are forged alloy steel with alloy pin.

-Size & Working Load Limit permanently shown on each shackle. -All shackles with Batch Code which links to Test Certificate and quality traceability. -100% magnaflux crack detection during manufacturing.

-20,000 cycle fatigue rated to 1.5 times Working Load Limit. ★ Minimum Ultimate Load is 5 times the Working Load Limit. Maximum Proof Load is 2 times the Working Load Limit.

-YOKE 8-807 Screw Pin Anchor Shackles meet the performance requirements of Federal Specification RR-C-271D, Type 4A, Grade B, Class 2

## Sea Container Drag Chain

Chain loading bridle for sea containers. Our sea container loading bridle is a safe and secure method of loading containers. Made with dedicated pulling hooks that lock into either the forward or side eye of a sea container for secure attachment and built in shortening hooks for easy adjustment. **Note: Not for overhead lifting**

**Available in 2 Sizes:**

**#g10-38DC** 3/8" x 5' Chain WLL 8800 lbs @ 30 degrees 29 lbs

**\$343.45 ea Non Member or \$255.62 ea Member**

**#g10-12DC** 1/2" x 5' Chain WLL 15,000 lbs 46 lbs

**\$471.18 ea Non Member or \$424.09 ea Member**

## BA Products Container Eye Link

Same time and effort when switching from a traditional hookup on shipping containers to BA Products' time saving hookup featuring standard or web sling container eye link. The container eye link is intended to be used in the corner eyes of shipping containers as an attachment point for rigging to assist in up righting overturned containers. By using a shoulder bolt, nut and in, it becomes a terminal connection.

### Standard Container Eye Link

## Redi-Jack Auto Positioning Dolly

Redi-jack auto positioning dolly from BA Products makes it easy to move disabled vehicles and wrecks into position simply and easily. Available in both left and right hand units

- 1,600 lbs maximum lb capacity per unit (up to 6,400 lbs with 4 units)
- 36" maximum tire height
- 13" maximum tire width
- 2 heavy duty 4" casters helps Redi-jack roll smoothly
- For effective use a minimum of 2 units are required

**#J-1** Redi-jack Right Hand Auto Positioning Dolly or

**#J-1LH** Redi-jack Left Hand Auto Positioning Dolly

**\$347.04 ea Non Member or \$289.20 ea Member**

## Standard Grade 100 Heavy Duty Chain Kit

### **CRADLE TYPE INTEGRATED CHAIN POCKETS PERMIT SHORTENING OR CREATING LEG LOOPS FOR EACH LEG WITH NO REDUCTION IN WORKING LOAD LIMIT.**

Domestic Grade 100 Heavy Duty Chain Kit. All chain is powder coated , which protects the raw steel from the weather without any reduction of working load limit. All grab hooks are cradle type attached with a clevis pin. For 5/16 & 5/8 Chain assemblies the grab hooks are Yoke brand.

The chain kit contains the following:

- (2) 5/16" x 10' Chain with cradle grab hooks on each end
- (2) 5/16" x 20' Chain with cradle grab hooks on each end
- (2) 3/8" x 10' Chain with cradle grab hooks on each end
- (2) 3/8" x 20' Chain with cradle grab hooks on each end
- (2) 1/2" x 10' Chain with cradle grab hooks on each end
- (2) 1/2" x 20' Chain with cradle grab hooks on each end
- (2) 5/8" x 10' Chain with cradle grab hooks on each end

2) Q10-12FH1 with 3 Foot of chain and oversized oblong  
Regular Price \$4961.61 plus Shipping. Inventory reduction Price

# NEVER!!!

Exceed Working Load Limit, Death or Injury Can Occur!

BA Products has always advertised the working load limits of their wire rope assemblies at a 5:1 ratio. This is the standard for overhead lifting wire rope. However, there is a national SAEJ standard that specifies a ratio specific to towing and recovery procedures for wire rope: SAEJ959. This code states that a ratio of 3.55:1 is to be used for all wire rope used on a towing and or a recovery unit. Below are the updated Working Load Limits for this 3.55:1 ratio.

All wire rope is 6 x 25 Extra Improved Plow Steel (EIPS) unless noted		
B/A Wire Type	Prior WLL (5:1)	Updated WLL (3.55:1)
3/8" PS Series Fiber Core	2,680 lbs.	3,780 lbs.
3/8" SC Series Steel Core	3,020 lbs.	4,250 lbs.
3/8" GC (7x19 Galvanized Aircraft Cable)	2,880 lbs.	4,050 lbs.
7/16" PS Series Fiber Core	3,640 lbs.	5,120 lbs.
7/16" SC Series Steel Core	4,080 lbs.	5,740 lbs.
1/2" PS Series Fiber Core	4,720 lbs.	6,650 lbs.
1/2" SC Series Steel Core	5,320 lbs.	7,490 lbs.
9/16" PS Series Fiber Core	5,400 lbs.	8,390 lbs.
9/16" SC Series Steel Core	5,800 lbs.	9,520 lbs.
5/8" PS Series Fiber Core	7,360 lbs.	10,360 lbs.
5/8" SC Series Steel Core	8,240 lbs.	11,600 lbs.
3/4" SC Series Steel Core (6x37 Class)	10,240 lbs.	16,560 lbs.

4-34WS	Fits 3/4" Chain	\$247.88 ea	<b>\$213.95 ea</b>	10 lbs

Created to be used for field repairs of broken or damaged wire rope. If your rope needs to be re spliced while on the job you can pass the wire rope around the wedge and pass it thru the socket creating a tight fit around the wire rope. Be sure to leave enough wire rope on the "dead end" to use the recommended three wire clamps to secure.

## Synthetic Plasma Winch Lines - Made in USA

Plasma synthetic lines are extremely tight & will NOT remain flat, the line will stay round on the drum. All-Grip Plasma Winch Lines have a self-locking swivel hook attached & uses a special process, High Performance Modulus Polyethylene (HMPE) that delivers super light & super strong fibers by a patented recrystallization process. This process makes the fibers run like fiber rope... Load Limits – (3.55:1) Design Factor per as per ASME/ASTM B30.5, formerly SAEJ959

- ✓ Made in the USA

# Snatch Blocks

## Skookum Lightweight Snatch Blocks

Part #	Size	Non Member	Member	WLL	Weight
6K-15T10A	10" Sheave Fits 3/4"-7/8" cable	\$1904.58 ea	<b>\$1596.66 ea</b>	15 tons	44 lbs

- Lightweight – 44 lbs for 15 ton block
- For use with 3/4" – 7/8" wire synthetic rope
- Latch Forged swivel hook comes as standard equipment
- Innovative lightweight hook combines a customer high strength alloy with a low profile design, creating a tremendous weight to strength ratio
- 4:1 design factor
- Lightweight composite sheave is made with a material blend that is specifically designed for increased strength and durability
- Should any marring of the sheave tread occur, the composite material will cause NO abrasion on the wire rope, unlike traditional alloy sheave materials
- ASME B30.26 Compliant
- Made in the USA

## Skookum Standard Snatch Blocks

**#25-IMONHD** Interactive Monitor System for Tow Lights Never worry about losing your lights again with the easy to install interactive monitoring system. Operates with any system equipped with iMon electronics. Purchase with a tow light or upgrade your existing light. Plugs in 12V DC.  
**\$145.36 ea Non Member \$121.86 ea Member**

# Motorcycle Loaders & Tie Down Straps

## Condor Cycle Loader

**#21-7** The Cycle Loader is a fully adjustable wheel locking towing system capable of accommodating front and rear wheel sizes from 15-22" / 80-220W. The patented locking mechanism effortlessly and securely supports your motorcycle in an upright position on the ground or on a trailer or flat bed. It works on pavement, concrete, dirt, sand, gravel & all forms of transport platforms such as rollbacks, trailers, and pick-up trucks. The Cycle Loader requires only one person to operate. All 4 rolling wheels come with individual brakes to allow the unit to be loaded without rolling or sliding. In most cases, the motorcycle needs only to be tied down with two straps, one on either side with attachments towards the middle or rear. The Cycle Loader can accommodate bikes weighing over 2000 lbs. and can be easily disassembled. Unit breaks down to 35" x 8" x 20" for easy storage. Weighs 77 lbs  
**\$624.40 ea Non Member \$523.45 ea Member**

## Motorcycle Tie Down Straps & Ratchet Set

**#21-500** 1" w x 6' l Strap & Ratchet Tie Down Set WLL 1000 lbs Weighs 2 lbs
