## August 2022 Newsletter

President: Mike Shedor

### Letter from the President . . .

It's been a pleasure seeing some of our old friends return to the Club. And we are now seeing some fresh faces visiting as well. We are still adapting to our "new normal" in a post-Covid world. I don't think we've ever always been so excited to watch the 5 th and 6 th squares being built out on the dance floor!

At the Club dance, there is a bit of a time crunch before the dance starts as we aren't allowed into the hall until 6:30pm. There are a few folks that show up early and show their servant hearts: Harold McElhinney, Tom Miller, Martin & Linda Klein, Mary Callen, Roseanne Rohrbach, Amanda Wilson, etc. They are all folks that get the place ready in about 15 minutes and I cherish each one of them. I know it's just a few minutes of time, but it makes an extraordinary difference, and we are indebted to their service. **A SINCERE THANK YOU!**

Separately, we must evolve to make the Club stronger. Cindy has worked behind the scenes to change up our new dancer lessons. This year, she has arranged for Johnson County to host them directly in Overland Park. Jay will be the caller and we are tapping into Johnson County's resources to publicize. (Live Wires is coincidentally trying something similar at the new park district to which they moved their club dances.) We'll really have Mainstream lessons in two parts: the first at a Johnson County location and the second part at a more traditional setting. We'll also go to a newsletter that is 4 times a year instead of monthly, starting next month, to follow the seasonal changes and themes.

Looking forward to seeing you in a square soon! We have a couple dances in August: a ball game theme and a crazy hat dance. C'mon... who doesn't have a crazy hat?!! Let your freak flag fly!!

Also, check out [www.WeSquareDance.com](http://www.WeSquareDance.com) every month! There are a lot of great opportunities to visit other clubs and special dances. We'll look for you!

Enjoy the rest of the summer,  
Mike Shedor
