

March 15, 2021

To all fellow Building Officials,

As you may know, the MFBO mission is to “be involved in the legislative process whenever our profession or the safety of the citizens in the commonwealth may be impacted”. In order to enhance the MFBO impact in these matters, it is requested that each building official make a donation to the MFBO legislation account.

The funds will be used for expenses relative to this work, such as our efforts to change our retirement classification from Group 1 to Group 2 as well as all other legislation identified as impactful to our communities. Any donation amount will be extremely helpful with funding our continuing efforts with the legislative process.

Please check the MFBO website for updates on these efforts and feel free to send an email to the MFBO through the website with any questions you may have.

Thank you in advance for your continuing support.

An electronic method of contribution is being reviewed but for now, please send contributions by check to:

MFBO
P.O. Box 268
West Wareham, MA 02576

Please include your personal email as this will assist us with our communications in the future.

Sincerely,

MFBO Board Members
