

Building Official Certification Renewal

IMPORTANT ANNOUNCEMENT TO ALL BUILDING OFFICIALS

As we approach the end of the Building Official Certification period on December 31, 2024, and start a new certification period on January 1, 2025, all Building Officials are now required to submit a completed renewal form that you should receive by mail. There are instructions to renew online or by email or regular mail on the renewal form.

If you have not received the renewal form, the BOCC may not have a valid mailing address for you, and you should contact the BOCC by email at bocc-ma@mass.gov or by calling 617-701-8670

If you are having trouble renewing online you can contact the BOCC at the email or phone number above.

Please be advised the BOCC has recently updated all of its forms which are now available online: [Building Official Certification Committee](#). After August 1, 2024, only the new forms will be accepted.

If you need credits, you can contact Mike Giampietro at massnailit@gmail.com
