

Dear Parent /Guardian

As part of our Careers Education Advice and Guidance programme we endeavour to offer a wide range of opportunities and experiences that allow students to research pathways that are open to them after their GCSE or equivalent / and Post 16/18 studies. We work closely with employers as well as ensuring we have close links with Further and Higher Education providers (colleges and universities).

We are delighted to be working with BCP Council, The Careers and Enterprise Company (CEC) and Dorset Careers Hub to ensure our students gain a wide range of careers experiences and impartial careers advice and employer encounters. This year we are able to offer a visit to The Careers and Apprenticeship Show.

This event is being held on **Tuesday 18th March 2025 at the Bournemouth International Centre**. The show aims to be a one stop destination for employer information on jobs and apprenticeships. This established event returns for its fourth year, giving young people direct access to employers and an opportunity to explore career options. The show allows employers to showcase their exciting career, apprenticeship and supported internship opportunities.

Details of our visit to The Careers and Apprenticeship Show:

- Leave school at **10.50**
- Students will be at the event for 1½ hours.
- Students should not bring phones or bags to the show
- Return to school at **14.30**

For more information about The Careers and Apprenticeship Show please visit www.careersandapprenticeshipshow.co.uk

Please do contact me if you have any questions or concerns regarding this visit.

Yours faithfully

Emma Adlem
