# FAVICRETE TILE CLEANER

## DESCRIPTION

FAVICRETE TILE CLEANER is a high quality rapid active cleaner and degreasing solution for use on tiles, bathtubs, wash basin, privy basin and concrete etc. It is used to clean whitish spot/ layer as normally observed in the bathroom under plastic/ metal buckets (normal detergent is not helpful) with ease.

It is also used as rapid removal of white yellowish spot/layer along with water stains over tiles, cement stains, grime, oil, paint stains, grease, moss and wax from concrete, asbestos, terrazzo and ceramics.

## STANDARD COMPLIANCE/ SPECIFICATION

FAVICRETE TILE CLEANER complies to Class 2 requirements as per “ISO 9001: 2015 Method of test, Sampling & basis for acceptance for determination of Stain and Chemical Resistance of glazed tiles”

## AREA OF USE

Surface to be cleaned	Area of application
<p>Stain cleaning for ceramic tile, glazed tiles, porcelain tiles, vitrified tiles, glass mosaic tiles &amp; sanitaryware. Cleaning moss and wax from concrete, asbestos, terrazzo and ceramics. Surface before &amp; after application of epoxy products. Natural stones*</p>	<p>Cleaning floor and wall tiling in kitchen, bathrooms, toilets, garages, factories, general building sites &amp; residential tiling. Internal &amp; external tiling area. Domestic &amp; commercial tiling area. Routing tile cleaning with mop in bathroom &amp; other tiling area.</p>

Note :

\*Check FAVICRETE TILE CLEANER before using for cleaning of coloured concrete, granite, marble stone flooring with corner test because it may etch the surface. (If stone shows discoloration up to 24 hrs. after application, do not use product).

## FEATURES AND ADVANTAGES

- Easy to use - just mix with water & clean the surface.
- Removes difficult stains easily – Fast & effective.
- Degreases the tile surface easily for soaps, scum, efflorescence, mineral deposit.
- Cleans all types of tile like ceramic, porcelain & vitrified tile and grout.
- Protects the color & shine of tile.
- Does not damage joints between ceramic tiles, even those grouted with colored products.
- Not harmful like acid.

## LIMITATIONS

- Check FAVICRETE TILE CLEANER before using for cleaning of coloured concrete, granite, marble stone flooring & other stones with corner test because it may etch the surface. (If stone shows discoloration up to 24 hrs. after application, do not use product)..

## TECHNICAL INFORMATION

### PHYSICAL & APPLICATION PROPERTIES

Testing Properties	Test Results
Density	1.02 ± 0.02 kg/ litre
Color	Reddish Liquid
Viscosity	Equal to water
Soaking Time	5 minutes
Dilution with Water	Dilution with water will depend upon substrate condition & Stain severity.

### RESISTANCE TO STAINING AS PER "ISO 9001: 2015 (1 : 1 DILUTION WITH WATER)

Testing Properties	Requirement
Pickle	Resistant, Class 2
Turmeric	Resistant, Class 2
Wine	Resistant, Class 2
Oil	Resistant, Class 2

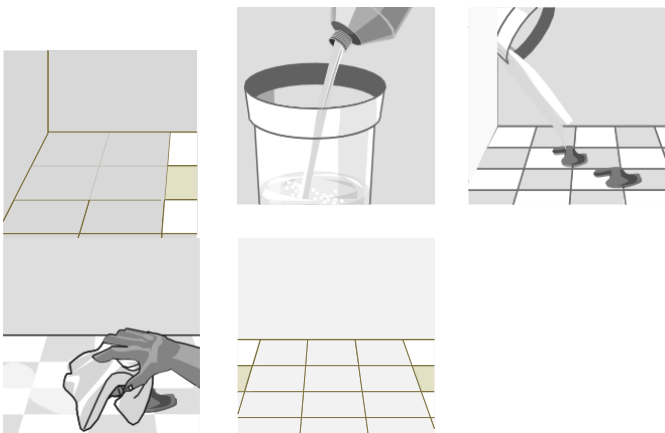

Note : Above data was obtained at 25 ±2°C and 50% relative humidity. Data may vary depending on specific conditions at the building site, i.e. temperature, ventilation and absorbency level of the substrate and of the materials laid.

## FAVICRETE TILE CLEANER

### APPLICATION INSTRUCTIONS

- For mild blemish spots/ layers, mix FAVICRETE TILE CLEANER with water with 1 : 1 proportion.
- Soak the cloth or sponge in the diluted solution and rub the surfaces till the spots/layers are removed.
- For stubborn spots/ layers neat FAVICRETE TILE CLEANER liquid (without mixing with water) shall be used for cleaning. Please check this in small areas before cleaning the complete area.
- For routine tile cleaning, dilute two capful Favicrete Tile Cleaner with half bucket water & use diluted solution for cleaning the tiles & sanitaryware.

### PRECAUTIONS & NOTE

- It is advisable to use clinical gloves while using FAVICRETE TILE CLEANER as some people with sensitive skin may experience mild itching or irritation.
- Check FAVICRETE TILE CLEANER before using for cleaning of colored concrete, granite, marble stone & other natural stones with corner test because it may etch the surface. (If stone shows discoloration up to 24 hrs. after application, do not use product).
- Consult FAVICRETE Technical Services for recommendations for unusual conditions.

### COVERAGE

Coverage would dependent upon porosity & contamination of substrate.

### PACKAGING

1 litre

### SHELF LIFE

18 months for sealed pack when stored under cover, out of direct sunlight, dampproof condition and protect from extremes of temperature.

### SAFETY PRECAUTIONS
