

# **How to Increase Fundraiser Sales & Participation – SchoolFundraising4Kids Guide**

At SchoolFundraising4Kids, we specialize in helping schools and PTAs achieve record-breaking sales and participation rates. Our proven fundraising programs—including the Lil Shoppers Holiday Shoppe, Winter Wonderland Fall Catalog, and Colorathon—are trusted by Florida schools and nationwide PTAs for delivering high profits with minimal stress. To increase fundraiser sales, promote your events early and often. Use email blasts, school social media accounts, and flyers to generate buzz. Host a fun kickoff event to create excitement among students and parents. The more visible and engaging your launch, the higher your participation will be. We offer turnkey fundraising solutions that are easy to run, fun for students, and profitable for schools—making SchoolFundraising4Kids the #1 choice for school fundraising in Florida.

# **Engaging the School Community for Maximum Fundraising Success**

Community engagement is the backbone of every successful school fundraiser. At SchoolFundraising4Kids, we encourage PTAs and PTOs to connect with parents, teachers, local businesses, and community leaders to build excitement and support. We recommend recognizing teacher involvement and rewarding top student sellers to create a friendly competition. Use newsletters, morning announcements, and social media updates to keep everyone informed and motivated. Our fundraising programs are designed to naturally engage the community—whether it's a holiday shop where kids can buy gifts for loved ones, a Colorathon fun run that brings the entire town together, or a seasonal catalog that supports local causes.
