AIDesign has 250 products to choose for its customers. All are Made in India, India Patents, India Installation, Indian Market and Indian Government approved World class products, also World market and World Nations approved products, copyright website. We have sustained in our business shops for 5th year in a row. Thanks to India and its people. We have World class products in our shops.

We now strive to sell our products to India customers, Indians to make them buy our products with cash and not with products exchange and mutual health benefit support however with cash to perform sale and profits.

Products

AI Play Stations   Price

1. AIFire   Rs 150000

2. TELEPHONE PAIR   Rs 50000

3. LINEAR RAY   Rs 300000

4. Tomato Plum   Rs 200000

5. Top Guy   Rs 200000

6. Garden Guy   Rs 250000

7. Boykoy   Rs 300000

Video game control app   Rs 30000

                                                     Rs 350000

We calculate our product prices using our latest new nanofluidic logic based calculator   Upcoming next from us backend calculator processor inner components visual vfx imaging scenes

fluidic logic based electronic memristor processor with KCl electrolyte, silicone organics, diffusion cell acrylic membrane technology to give ion transport current measurements.

MACHINE LEARNING, DEEP LEARNING AND ARTIFICIAL INTELLIGENCE FOR PHYSICAL TRANSPORT PHENOMENON IN THERMAL MANAGEMENT

IITM Technology Available for Licensing

Problem Statement

- ❏ Artificial Intelligence is model to solve transport, image reconstruction in engineering
- ❏ Artificial Intelligence is model to design and predict analysis in engineering thermal management, electronic cooling industries, automobile industries.
- ❏ Automobile industries like fluid dynamics design and predictions over a bonnet or inside the engine, aerospace industries like aerodynamics and fluid dynamics problems across an aero-foil or wing.

Technology Category/ Market

Category – Artificial Intelligence (AI) & Machine Learning

Applications – Artificial Intelligence in engineering design and analysis

Industry – Automobiles, Steel Factories, Industrial real estate, Industrial buildings, AIFurniture Industry, AIHome Décor, Aeroplane Industry, Food Industry, Clothing Industries, AIEthics, AICinemas, IMAX, GUILD, AIPlay Stations, AICalendar App Industry, Package Factory, App Industry, Economy App Industry, Ad App Industry, Phone Industries, Electronic Industries, Shelf Goods Industry

Market – Artificial Intelligence (AI) Engineering Global Market size is predicted to reach $59.22 billion in 2028 at a compound annual growth rate (CAGR) of 38.8%.

TRL (Technology Readiness Level)

TRL- 5, Technology validated in relevant environment.

Intellectual Property

IITM IDF Ref. 1933 (Patent Published)
