In this fun and insightful day, you will learn to transmit Reiki energy to yourself and others; techniques for accessing and expanding intuitive, extra-sensory perceptions for use during healing sessions and hands-on practice to both giving and receiving reiki.

You will receive Reiki level I initiations & a bound Reiki Manual

The first level of Reiki is the most spiritually transforming of all the levels! Even if your intention is not to work on others, Reiki will expand your spiritual connections.

---

As a Reiki Master Teacher for over 25 years, Betty Sue continues to be amazed by Reiki's ability to transform lives and is so excited to share this powerful skill with you!

Training: \$200
