

May 21st, 2023

Dear Valued Clients,

We are writing to you today to let you know that after 68 years of providing first class denture services to Winnipeg and the surrounding communities, we are moving on to a new chapter in our lives - retirement. The decision to retire is never an easy one, as we have enjoyed getting to know each and every one of our clients and their families over several decades. We are looking forward to spending more time with family and friends as we enjoy the years ahead, including doing more of what we love: cheering on the Winnipeg Blue Bombers and Manitoba Moose.

We sincerely appreciate and thank you all for your commitment to Lee Denture Clinic and in order to ensure that you have full continuity of care for all of your denture needs moving forward, we are excited to introduce Winnipeg Denture & Implant Centre. We have selected this clinic, led by Greg Pinette, dentist, as they uphold the same principles that we at Lee Denture Clinic have over the years: creating natural looking and beautiful smiles which fit great and function well, in a friendly atmosphere.

Greg and his team have over 22 years of experience in all aspects of denture fabrication: complete, partial and implant-supported dentures, denture repairs and relines, emergency denture care and in-home denture care visits (housecalls). They provide high quality denture care in a state of the art clinic which is staffed by a caring, knowledgeable and friendly team who are committed to providing you with personalized service. We are confident that you will be in great hands at Winnipeg Denture & Implant Centre.

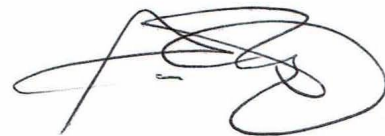

Again, on behalf of the Lee family, we want to thank you all for your support and trust over the years. It has been an honor and pleasure working with each and every one of you and we wish you all much health and happiness.

With Fondest Regards,

Yours Respectfully,

Tom Lee  
Denturist

Greg Pinette  
Denturist
