FLIGHT SCHOOL COVID-19 PRE-VISIT QUESTIONNAIRE

- As per the CDC: COVID-19 is a respiratory virus and is mainly spread through droplets created when a person who is infected coughs, sneezes, or talks.
- Per the CDC, people with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness.
- The CDC warns that the virus that causes COVID-19 is new, and, therefore, anyone who has not already been infected is at risk.
- We recognize that people infected with the COVID-19 virus are contagious before showing symptoms.
- For these reasons we are taking measures to mitigate risk even in those not exhibiting any symptoms.

-
- This Checklist is intended to lessen the risk of COVID-19 transmission during flight school, aircraft rental, and other aviation-related activities. Recommendations are based primarily on information put forth by the CDC and the AOPA.
-

IMPORTANT!

IF YOU ANSWER "YES" TO ANY OF THE FOLLOWING QUESTIONS,
PLEASE CONTACT THE SCHOOL AND YOUR CFI BEFORE YOUR VISIT
FOR FURTHER INSTRUCTIONS
