Our company works seriously in the trade of biodegradable and compostable dishes, 100% free of plastics, aimed at restaurants, catheterization companies, retail stores and individuals. We have based the selection of our products under two important concepts: ecology, quality and design. All our items are made of all-natural materials of plant origin, from sustainable and certified crops, 100% biodegradable and compostable.

All raw materials are from renewable resources such as bamboo, maize and sugar cane (bagasse or bagasse), etc. which means that their natural regeneration rate is very fast.
