

## LETTUM EAT! Meal Distribution Sponsorship Program

LETTUM EAT! Inc. is a nonprofit mobile food service providing **free** meals to food insecure individuals and families in local Communities. Our Mission is **Mobile Food Provisions Prepared with Care and Served with Compassion to those in Need.**

Our **Free Meal Distribution Sponsorship Program** involves strategic **partnerships** with a multitude of Churches and public service organizations who sponsor the cost of the meals. The Program involves initiating FREE MEAL food drives and engaging congregations and the surrounding communities with events that will offer individually packaged meals for recipients of our services. We offer **6** service programs to communities evaluated to have residents most likely suffering from Food Insecurity. We produce meals efficiently and effectively and have them delivered to distribution sites or some cases directly to their door.
