

We envision a community in which healthy food and physical activity opportunities are accessible and affordable for all.

GOALS

Increase equitable access to healthy foods and opportunities for active living.

Cultivate a community that prioritizes healthy eating and active living.

*In 2015, about 3 in 4 adults in Kitsap County consumed fewer than 5 fruits and vegetables daily. **

*In 2016, 22% of Kitsap youth (grade 8) report eating 5 or more fruits/vegetables daily. ***

Invested Partners: Kitsap Public Health District, Kitsap Strong, Kitsap Transit, Olympic Educational Service District 114, Peninsula Community Health Services, Suquamish Tribe, WSU Kitsap Extension, YMCA-PKC

We know that an individual's health is deeply connected to the community in which they live, work and play. To reduce obesity and its resulting impacts, we focus on policies, systems and environmental change strategies. By working together we can create change to support a healthier lifestyle for all.

STRATEGIES

- Improve access to markets that sell or provide high quality fruits and vegetables in underserved communities.
- Improve access to safe and affordable places for physical activity.
- Provide opportunities to build skills and knowledge regarding healthy foods and beverages.
- Establish policies and programs that increase physical activity.

*In 2017, 43% of Kitsap adults report 1 or more hours of physical activity on average each day per week. ***

*In 2016, 58% of Kitsap youth (grade 8) report 1 or more hours of physical activity five or more days per week. ***
