

MARCH 2025 NEWSLETTER

Founders' Message

Dear Simon,

We thank you for your love and generous support, both in prayers and financial contributions. It fills us with immense joy to share just a glimpse of the many transformational and life-changing stories that your kindness and friendship are helping to create for communities and individuals across Kenya.

Your commitment has profoundly impacted the lives of those in the remote and

underserved regions of Northern Kenya. Through your support, vulnerable children and families are experiencing hope, joy, and opportunities they once thought were beyond reach. Each story we share is a testament to the difference you are making in the world.

May the Lord richly bless you for heeding the call to spread His love and compassion to those in need. Your generosity reaches far and wide, touching countless lives in immeasurable ways.

We thank you (asante sana) on behalf of all those whose lives you continue to uplift and transform. May God bless you, your loved ones, and your churches and organizations.

From;

Bishop Simon Mwaura and Rev. Lucy Thuo.

Missionary Micah at the start of the Chelang'a preaching point under a tree.

MISSION TO THE UNREACHED

Mission to the Pokot!

Our missionary to the Pokot tribe, Micah Nyakundi, is responding to Jesus' call to go. His primary focus has been on reaching the lost. Micah, along with his wife, Nancy Jepkosgei, and their two children, moved to live among the Pokot people to actively participate in God's mission. They engage in evangelism and discipleship activities, working closely

with the community. However, this mission has not been easy, as the tribe is known for having some of the most feared warriors in Kenya. Rampant tribal tensions and conflicts with neighboring tribes characterize Micah's mission field.

SCNV Preschools

Morijo Preschool students

This term started with a high enrollment across all six divisions of Samburu County. The feeding program has kicked off successfully, and learning in the schools is proceeding smoothly. As of now, the total enrollment stands at 1,340, with Baragoi division leading in high enrollment numbers.

Rosilla Nabiki, a teacher at Morijo Pre-school, has requested a transfer to Lkujita Pre-school, located about 8 kilometers away. While Morijo has five teachers for

its high enrollment, Lkujita has 96 children but only one teacher. We plan to meet with Rosilla and the headteacher in Morijo before visiting Lkujita to assess its needs. If Lkujita requires an additional teacher, we can facilitate Rosilla's move to help the children there.

We would like to express our sincere gratitude to our brothers and sisters for their continued support and prayers, ensuring that the children of Samburu never miss class due to hunger or lack of teachers.

Across Alliance Meeting in Kenya

Across Alliance, launched in August 2023 in Dubai, is an initiative aimed at connecting and equipping cross-cultural disciple-makers across the globe. It is a relational network of Kingdom-minded people, representing distinct organizations, collaborating for a cross-cultural mission among the least reached. In 2025, it held its meetings in Kenya at the Namelok Retreat Center in Nyahururu. The meetings involved a two-day Connect Session and a three-day Equip Session. The Connect Session was attended by representatives from African countries such as Nigeria, Kenya, and Zimbabwe while different missionaries from Kenya attended the Equip Session.

The Equip Session attendees

HOME OF THE GOOD SHEPHERD

He is Faithful!

We thank God Almighty for His grace and blessings since the beginning of this year. We have been very busy with various activities for the children. They have fully settled in, and their learning has progressed well

across different levels of study.

Our children at Little Lambs Academy and those in various high schools recently completed their mid-term exams, and overall, the performance was average for most of our students. However, those who joined us last year demonstrated significant improvement in their academic performance. -

AGRICULTURE

Agricultural & Business Expo 2025

The GGFAN Agricultural Expo and Business Show 2025 was held to share knowledge, build partnerships, and connect individuals in the agriculture sector. The event focused on modern farming practices, supporting small farmers, and enhancing agricultural productivity.

Farmer's Training during the Ag Show 2025

This year's expo advanced modern farming, promoted collaboration, and provided farmers with vital resources. It highlighted new techniques, teamwork for growth, and strategies to boost productivity sustainably. This report summarizes the key achievements, attendance, training sessions, and overall impact on the agricultural community.

EDUCATION

Little Lambs Academy Update

Little Lambs Academy students participated in the 3rd Edition of the GGFAN Laikipia Business and Agricultural Expo for the first time on February 21 and 22, 2025. Our students set up demonstration farms and exhibited vegetables such as spinach and kale.

Students from grades four to nine explained the different stages of growing these vegetables, from the seedbeds to the mature plants. They also informed farmers about important preventive measures to take when handling chemicals. The farmers were pleased to see students well-versed in agricultural knowledge and skills.

We are also thrilled to announce that our school has received new furniture, thanks to a generous donation from our friends, Lil' Lambs Closet – Lexington, Kentucky. This new furniture includes ninety-five lockers, chairs, eighteen tables, and thirty-six benches.

GGFAN Pastors' School

The GGFAN Pastor's School in the Ilchamus Region is training twenty pastors and church leaders who will be

instrumental in spreading the Gospel of God and reaching more people who have not yet heard the Good News. These leaders must transcend cultural, political, and social boundaries to effectively preach the message. Among the trainees, representatives from five different people groups in Kenya are involved. A visitor might mistakenly think that the class consists of individuals from the same family, due to the strong sense of synergy and unity that has been developed among the students, teachers, and staff.
