

GGFAN JULY 2023 NEWSLETTER

Celebrating Our Fallen Hero!

Looking back at the life of Wilson, he did everything with urgency. He embraced GGFAN's vision and was passionate about reaching the unreached tribes. In a span of only ten years, he had planted sixteen GGFAN churches in Baringo. He started three nursery schools which have helped to provide easy access to education for children within his area. He also trained and mentored many pastors both within GGFAN and outside.

In 2015, he organized a huge peace and reconciliation meeting which brought

together delegates from seven tribes. People who were sworn enemies for many generations worshipped and praised Jesus together. In 2022, Wilson hosted yet another huge meeting attended by the then-deputy president who is now the Kenyan president; H.E Dr. Wilson Samoei Ruto. This gathering was attended by eleven of the northern tribes. In March 2023, he was part of the pastors who organized a week-long prayer and fasting attended by the First Lady, Her Excellency Mrs. Rachel Ruto, to pray for the peaceful coexistence of the tribes in northern Kenya. The prayers were held in Marigat, the main town of the Lchamus tribe.

MISSION TO THE UNREACHED

Mission trip to Baragoi, Samburu

GGFAN, led by Bishop Simon Mwaura, has been working towards mobilizing the body of Christ in Kenya. Bishop Simon has

been conducting training where he encourages people to join God in his mission of blessing the tribes in Kenya through our Lord Jesus Christ (Genesis 12). His main mission has been to sensitize the body of Christ to join God's mission of reaching five of Kenya's 22 unreached tribes.

In June, Bishop Simon hosted six pastors of the Full Gospel Churches of Kenya (FGCK) from Murang'a County. The pastors were led by Bishop Bernard Mugambi. The main agenda of the visit was to share more about how the FGCK Murang'a would join the Samburu County Nkalup Vision (SCNV) work in Samburu North. The bishop and the pastors undertook a mission visit to Samburu under the guidance of missionary Julius Njuguna.

MERCY MINISTRY

Agriculture June Report

In June 2023, the Agricultural Department is grateful to God for the rains that continue to replenish the crops on our farms. The rains have led to the good progressive growth of the crops with hopes of high yields once harvesting commences. In addition to the good progress of crop growth, the department harvested some of the ready crops. The crops included tomatoes, capsicum, and peas.

Capsicum plants before harvesting.

The regional experts have started forming cooperative groups in their respective regions. This comes after the agreement made by the departmental leaders and the regional experts on the advantages of establishing cooperatives. Some of the advantages include better control of product prices on a group basis, identification of better markets for bulk produce, improved access to seeds and inputs as well as easy access to Information, knowledge, and extension services.

Home Of The Good Shepherd

The Home of the Good Shepherd (HOTGS) was among the eleven Children's Charitable Institutions (CCIs) that took part in the Day of the African Child (DAC) celebrations held at Manguo Primary School in Laikipia-West sub-county in Laikipia County. The Manguo area, where the host school is located, has the highest number of cases reported about violation of children's rights over the past few years. It was therefore necessary to create awareness and sensitize the community about children's rights and how to safeguard them.

Children carrying placards during the DAC march.

The Home of the Good Shepherd continues to champion the rights of the

children by helping to provide for the children under our care. We aim to protect these children from any form of abuse, especially in this era. The home provides a safe environment where the children's access to digital platforms is not only monitored but also tailored to meet their needs at their respective ages.

EDUCATION

Little Lambs Academy

The first half of the second term of 2023 has been successful with the syllabus/design coverage being the core business from kindergarten to grade eight. In grades six and eight, the teachers have been working extra hard to prepare the students for the forthcoming national assessments at the end of the year.

The LLA students dressed for Lchamus tradition song in the 2023 music festivals.

This term, the school took part in the music festival competition held at the Nyahururu DEB School in the Nyahururu sub-county at a sub-county level. In these festivals, students participated by showcasing different music items which included set pieces, traditional songs, choral music, poems, choral verses, and original songs. The festivals are aimed at identifying and nurturing artistic talents in music, dance, and elocution.

- Pray for the GGFAN Lchamus Region

where
Wilson
ministered.

- Pray
for
the
children
under
the
care
of
the
Home
of
the
Good
Shepherd
- Pray
for
the
students
at
Little
Lambs
who
are
preparing
for
final
exams.
- Pray
for
Bishop
Simon's
and
Reverend
Julius
U.S.
visit
in
July
2023.
- Pray
for
the
GGFAN
Annual
conference
on
16th
-

19th
August
2023.
