

Jonathan & Rachel Koski

AIM AIR

Jonathan is a missionary kid who was born and raised in Kenya and is a proud graduate of *the* Rosslyn Academy. Rachel, a teacher, was born in South Dakota and raised in Minnesota in a missions-minded family. She knew at an early age she wanted to be a missionary someday. Jonathan and Rachel met at a young adults group that met in Minneapolis to pray for missions and missionaries and were married in 2002. They have two children, Miriam (2008) and Max (2012).

The aviation bug was planted in Jonathan at an early age when his dad made an airstrip at the remote mission station where they served in Northern Kenya. Watching AIM AIR pilots fly in and out in support his parents' work made Jonathan want to be a pilot too!

Jonathan and Rachel have been with AIM since 2009 and with AIM AIR in Kenya since 2011.
