

Jason & Jaime Brewer

Jason and Jaime Brewer met at LeTourneau University in East Texas while Jason was studying aeronautical science and Jaime business and marketing. During their time at LeTourneau, they were both blessed with opportunities to travel abroad on missions trips. Those trips were the seeds God used to plant the love for missions in both their lives.

Since their time at LeTourneau, Jason has worked as an airplane mechanic and most recently an airline pilot with American Eagle. Jaime has taken on the full-time role of “mom” to their three children: Dylan (8), Morgan (5) and Mallory (2).

Jason and Jaime were approved by Wycliffe Bible Translators in January 2011. Jason will utilize his skills as a mechanic and pilot to serve the needs of Bible translation. The Brewer’s have recently completed cultural training and aviation orientation at JAARS in Waxhaw, North Carolina. They anticipate a departure date of January 2013 for their first term in Papua New Guinea.
