

Doug and Bernie Campbell

AirVenture 2016

Doug and Bernie Campbell have been involved in ministry for many years. They served in their local church as youth leaders for 13 years and as chair people on the missions committee for 6 years. They have led several national and international mission trips. They also served with Mission Aviation Support Association (MASA) for 16 years.

In February 2010, they joined Wycliffe Bible Translators as second career missionaries serving in Recruitment Ministries as IT Recruiters. A restructuring of Recruitment Ministries placed them in Candidate Sourcing and they currently serve in People Engagement as Event Coordinators planning and coordinating recruitment events and programs.

Their involvement in **TOTAL It Up! - A Taste Of Translation And Linguistics**, and other recruitment events is essential to completing the Bible translation task. One of Wycliffe's most critical personnel needs today is for Information Technology professionals with more than 200 needs worldwide. This is just one of the top five personnel needs at Wycliffe. Other personnel including teachers, language workers, managers, and many more are needed to fill 2400+ various positions all over the world.
