

Kevin & Melisa Borrer

Kyle, Annie, Ryan

Serving Christ in Lesotho
With Mission Aviation Fellowship
Since 2001

“For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord.” Romans 8:38-39

After 7 years in Ecuador as a pilot/mechanic family, Kevin and Melisa, along with their family, made a transition to the land-locked nation of Lesotho, surrounded by the country of South Africa. Kevin has set aside flying in order to serve as manager of the Lesotho program. With a team of eight MAF families and several national staff, Kevin leads and guides the team, serves as a liaison between MAF and the numerous organizations they serve in Lesotho, and oversees the financial position of the program, ensuring efficient and responsible use of the resources available.

Kevin shares, “One thing is clear: the need is great, both for physical and spiritual healing. The Bosothe (the people of Lesotho) are trapped in a culture that mixes worship of the ancestors and witch doctors with modern medicine. We, as MAF, want to bring God’s light and love, while meeting their physical needs as well.” Whatever changes come their way, Kevin takes comfort in Romans 8:38-39, knowing that no matter what happens in this world or around him, he is secure in God’s

love. God’s love is a sure thing and something all believers can count on!

Much of Melisa’s time is devoted to everyday life and maintaining the home. Melisa builds relationships in the community and frequently extends hospitality to guests. Psalms 62:5-8 are important Scriptures in her life. She shares, “They speak about where I can find true rest – in God alone. God is my rock. I’m so glad I have someone upon whom I can trust and depend. He wants me to pour out my heart to Him and to come to Him as a safe place. God is my rest and refuge.”

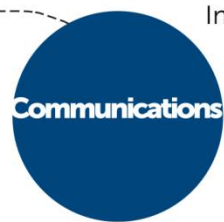

God calls the men and women of MAF to serve Him in unique ways. He may also be calling you to a special role in the Borrers’ ministry. Please prayerfully consider becoming a Ministry Partner with them through prayer and/or financial support.

MAF-US serves more than 600 Christian and humanitarian organizations through:

A fleet of 57 aircraft flying 2.7 million miles each year in the most remote regions of the world.

Communication services to isolated areas worldwide, including email, HF/VHF radios, VSAT broadband Internet access, and networking solutions.

Mobile technology, support, and strategic distance learning tools to help meet the critical need for biblical resources and training for isolated and remote Christians.

EVANGELISM & CHURCH NURTURE

- Transport of missionaries, evangelists, and indigenous church workers to isolated villages
- Support of scripture translation and distribution projects
- Learning tools and support
- “JESUS” film presentations

MEDICAL ASSISTANCE

- Medical emergency evacuations
- Medicines delivered safely
- Flying doctor services and other medical staff support

“Thank you for bringing the medicines yesterday. We have seen a lot of malaria in all the clinics, and most were about to run out of supply...”

— Ellen Stamhuis, Project Manager, Medair

INDIGENOUS TRAINING

- Distance education and leadership development
- Technology and skills training

COMMUNITY DEVELOPMENT

- Transport of staff and supplies for health and community improvement projects
- Development or support of village enhancements, including water wells and communications systems

DISASTER RESPONSE

- Transport of relief supplies and agency personnel to disaster areas
- Delivery of food for the hungry
- Emergency communications and logistics expertise
