

Phil & Mari Manning

MAF

Serving with MAF for more than 25 years, Phil and Mari both felt the call to international ministry before they were married. In 1987, Phil and Mari graduated from Moody Bible Institute, were married and began their career with MAF. They have three children, Paul (21), Mark (19) and Anna (11). They have served in four different African countries since 1990.

Mari has filled several roles in MAF through the years and especially in the field of program accounting while also managing their home. Phil has been in management positions for much of his career. Most recently Phil and Mari have been serving at Rift Valley Academy (RVA), a large missionary children's boarding school in Kenya. Mari has served as the business manager and Phil as a counselor and teacher.

The Mannings are serving as Missionaries in Residence at LeTourneau University. A major role of the Mannings is to serve the children of missionaries and the international students on the campus and to educate and encourage students toward missionary service. Phil, a licensed professional counselor, spends much of his time counseling students. Their experience at RVA has been excellent preparation for this LeTourneau University assignment. The Mannings plan to return to overseas service in a missionary care role in the future.

God calls the men and women of MAF to serve Him in unique ways. He may also be calling you to a special role in Phil and Mari's ministry. Please prayerfully consider becoming a Ministry Partner with them through prayer and/or financial support.
