

Doug & Bernie Campbell

Doug and Bernie Campbell have been involved in ministry for many years. They served in their local church as youth leaders for 13 years and as chair people on the mission committee. Prior to joining Wycliffe Bible Translators in 2010, they served with Mission Aviation Support Association (MASA) for 16 years.

Doug is a Partnership Development (PD) Coach assisting new Wycliffe/JAARS members in building their prayer and financial partnership teams with a goal of releasing them to their field assignment as soon as possible. Coaches also help established members maintain their partnership teams so that Bible translation may continue. Doug is also serving on the PD Build Team which provides direction for PD training and learning materials for new and established members.

In addition to their Wycliffe USA assignment, they serve in a volunteer role with JAARS assisting with their presence at EAA AirVenture.
