

# **Glen Ferguson**

## **CEO of International Association of Missionary Aviators (IAMA)**

Glen graduated from Moody Bible Institute in 1983 with a BS in missionary aviation technology. He has been a pilot with JAARS for 30 years.

His first assignment in Brazil began in 1986. Glen logged tens of thousands of safe miles as a jungle pilot transporting hundreds of missionaries and their supplies to remote Amazonian villages. Through Glen's ministry as a pilot on medical emergency flights, many lives were saved.

Due to difficulty in obtaining visas to return to Brazil, Glen served at the Wycliffe Bible Translators/JAARS Center in Waxhaw, North Carolina. Glen used his experience and aviation background to challenge churches and individuals to be involved in missions. He worked in the Missions at the Airport program for JAARS and traveled widely throughout the United States.

Glen was reassigned to work with Mission Safety International using his aviation experience to assist other missions in the safe operation of their aviation programs.

Glen is currently the CEO of IAMA and continues to travel and is involved with the many member missionary aviation entities.

Glen & Bev have three grown children and 12 grandchildren. Beverly passed away in 2018.
